Transference Jeff Fuell, 2013-04-24 Michael Potters is caught in a dilemma He is attempting to solve his own murder and trying to do so in the form of a little boy whose body he now inhabits While doing so he not only has to keep the secret from his own son but from the new family that he is now living with To add even more to his troubles he is having to once more attend grade school something which was frustrating enough the first time He has no idea why all of this is happening to him nor how much time he has left to find out why All he can do is race the clock to try to discover who was responsible for murdering him before his time runs out From the author Like most people I have often wondered what it would be like to be a kid again but to retain the experience and wisdom that I have as an adult This is a good deal about what this story is about It is also a bit of a culture clash as the main character of this book experiences being a kid again in a whole new world that is different from his own I suppose every generation looks at the one coming up and asks Is this what our future is We re doomed Michael Potters is actually having to face this experience firsthand not because he wants to but because he has no alternative **ICC Register** ,1984 **Earth Angel** Jeff Fuell, 2013-02-24 When Brian Bradford meets both the devil and God in the same week it is just the beginning of a transformation and an adventure for he and his teenage daughter Brian Bradford a writer and widower wonders what is happening when his teen age daughter seems to be undergoing a strange transformation a transformation that seems to be turning her into one of God s winged servants In the process Brian finds out who he really is why this is happening to her and what he is supposed to do with the rest of his life In the end Brian learns that if you truly love someone you have to let them go It is only then that life can truly begin anew From the author What would it really be like to meet the devil and find out that he s not really that bad of a guy And on top of that find out that he is a big movie buff Also what would his take on the bible be What would it be like to actually meet God What if I had a daughter and she was slowly but surely turning into an angel These are all questions I asked myself when I began writing this book This book also deals with a good amount of theology and asks questions that all people have asked at one time or another **Proceedings - Institution of Mechanical Engineers** Institution of Mechanical Engineers (Great Britain), 1956
