Stephen King and Clive Barker James Van Hise, 1990 Through an in-depth interview, this guide gives a first-hand look at King's and Barker's creative sensibilities, providing a listing of all the authors' titles as well as every film based on their works. [Clive Barker's Short Stories](#) Gary Hoppenstand, 1994 Unlike other horror fiction and fantasy writers, Clive Barker is true to the literary heritage of the genre. Though aware of the importance of entertainment in his writing, he embraces the traditional formulas of horror fiction and builds upon them all the while alluding to the works of Dante, Poe, Mary Shelley, and others. The complexity of Barker's writing is best evidenced in the six-volume *Books of Blood*. Many of these short stories are entertaining hair-raisers, yet they do not revel in gratuitous violence; instead, relying on style and a masterful sense of language to entertain. This detailed study analyzes the significant themes in Barker's writing, placing him in the British Gothic tradition of Marlowe, Saki, and others. my case with film director Clive Barker and his associates is a common psychosis He was my chimera my phantom them against whom I went into battle The story becomes more accessible as the jargon unique to the conflict is introduced I was stretched almost beyond return but the memoir is resolved with sheltered housing effective medication and tears of joy at the turn of 1999 into 2000 I was still alive after many utter miracles of survival and the book reaches closure during the first moments of an infant millennium I have been well ever since Richard M Clements A brutally honest diary account of one man's mental illness this is a bit like the first part of Faulkner's *The Sound and the Fury* coupled with *The Curious Incident of the Dog in the Nighttime* and a very bizarre episode of the *X Files* Richard describes his book as a cathartic memoir of his time suffering from schizophrenia detailing his treatment from eight different hospitals as well as his disjointed grips with reality It's not an easy book to read by its very nature but does provide an incredible insight into the very private world of a schizophrenia sufferer By Neil D Arcy Jones Colchester Evening Gazette Description Not all schizophrenics are violent This is a myth that the press would like us to believe a myth undone by my Richard's example This book is the culmination of a four year project written from the first person unreliable narrator perspective It utilizes truth with facts that however illusory Richard could not voluntarily create himself This book documents Richard's adventurous learning curves to psychiatric treatment on nine occasions in eight different hospitals for over twenty nine months since 1990 as terrible as being locked in an I C U for over nine weeks as exciting as being the saviour of alien planets and as beautiful as being released from that same I C U to walk under trees that were the tallest things he had ever seen under a blue sky that stretched on forever This is an inspirational and important book for schizophrenia sufferers It is perhaps unique a non academic work that would appeal to academics an exciting adventure for the sympathetic and a case study for mental health professionals to gain a long look into a private world About the Author Richard M Clements is an inspirational author who has survived from acute schizophrenia and now wishes to use his experiences to help others with this disorder He considers that discussing successful treatment in public is the responsibility for having recovered from illness to those that yet haven't Richard has written several fictional novels and describes creative writing as the mainstay of his self esteem which is vital Having a book published has been a life changing experience for Richard of which he is very proud For many service users it could be said that empowerment begins with pride that pride is good Richard would like to use his experience to counsel other sufferers of schizophrenia particularly those also prescribed Clozapine a medication which has kept him out of hospital and happy for over six years HGAI Frank Collection, Illustration Art Auction Catalog #7015, Beverly Hills, CA Carrie Hunnicutt, 2010-03
