Approaches to Teaching DeLillo's *White Noise* Tim Engles,John N. Duvall,2006 Don DeLillo s satiric novel *White Noise* prophetic in 1985 about American society s rampant consumerism information overload overreliance on the media and environmental problems may seem to today s students simply a description of their lived reality The challenge for teachers then is to help them appreciate both the postmodern qualities of the novel and its social critique A Study Guide for Don DeLillo's *White Noise* Cengage Learning Gale,2015 Simulacrum America Elisabeth Kraus,Carolyn Auer,2000 A collection of articles that analyses the role of the media in America from a deconstructionist viewpoint This collection of original essays

is a response to the paradigm shift that has taken place in cultural studies in the wake of postmodernism and poststructuralism. Such concepts as truth or reality have been increasingly called into question since the realization that our experience of the real is always mediated through an empire of signs as Roland Barthes put it. After a predominantly optimistic evaluation of the effects of the media in the 1960s by Marshall McLuhan, Hans Magnus Enzensberger and others, a growing awareness of the total manipulation of society by mass media imagery has emerged. The very concept of representation has become problematic, witness the influential essay *The Precession of Simulacra* by the French sociologist Jean Baudrillard in which he defines simulation as the generation by models of a real without origin or reality, a hyperreal. The current boom in reality TV comes to mind. In the seventeen years since the publication of Baudrillard's *Simulacra* and *Simulation*, ever more sophisticated technologies based on the computer as the simulacrum machine par excellence have offered us powerful new means of manipulating data and consequently means of manipulating editing and inventing reality. The aim of this study is to unmask false representations showing history, personal and cultural identity, especially gender and racial identities, the simulacrum of speed and American reality itself to be constructs.

[Design and Debris](#) Joseph Conte, 2002-04-24. *Design and Debris* discusses the relationship between order and disorder in the works of John Hawkes, Harry Mathews, John Barth, Gilbert Sorrentino, Robert Coover, Thomas Pynchon, Kathy Acker, and Don DeLillo. In analyzing their work, Joseph Conte brings to bear a unique approach adapted from scientific thought, chaos theory. His chief concern is illuminating those works whose narrative structures locate order hidden in disorder, whose authors Conte terms proceduralists, and those whose structures reflect the opposite, disorder emerging from states of order, whose authors Conte calls disruptors. Documenting the paradigm shift from modernism in which artists attempted to impose order on a disordered world to postmodernism in which the artist portrays the process of orderly disorder, Conte shows how the shift has led to postmodern artists' embrace of science in their treatment of complex ideas. Detailing how chaos theory interpenetrates disciplines as varied as economics, politics, biology, and cognitive science, he suggests a second paradigm shift from modernist specialization to postmodern pluralism. In such a pluralistic world, the novel is freed from the purely literary.

Satire in DeLillo's "White Noise" Patricia Schneider, 2010-10. Seminar paper from the year 2009 in the subject English Literature Works, grade 2.0. University of Freiburg, Englisch Seminar course, Proseminar I. Postmodern American Novel. Language: English. Abstract: Satire, sarcasm, irony: these are all related stylistic devices, but there are crucial differences. Both satire and sarcasm generally ridicule human behaviour, but only the satire implies the intent of

improving the ridiculed behaviour Irony on the other hand includes an incongruity or a connection that goes beyond the most obvious meaning and can therefore be used to underline the ridicule of the satire or the sarcasm In *White Noise* DeLillo uses the satire to ridicule human behaviour in four different respects to satirize the human behaviour related to consumerism to satirize the human behaviour that is determined by the media to satirize the behaviour of the novel's characters in their role in the family and to satirize Jack's academic life by depicting the lack of seriousness in his studies However DeLillo not only uses the satire to ridicule the behaviour of the novel's protagonist and his family but also shows the difficulties that arise when trying to improve the satirized behaviour

Unreliable Narration in Don DeLillo's 'White Noise' Samantha Van Cleemput, 2015 [The Twentieth-Century American Fiction Handbook](#) Christopher MacGowan, 2011-02-21 THE TWENTIETH CENTURY AMERICAN FICTION Accessibly structured with entries on important historical contexts central issues key texts and the major writers this Handbook provides an engaging overview of twentieth century American fiction Featured writers range from Henry James and Theodore Dreiser to contemporary figures such as Joyce Carol Oates Thomas Pynchon and Sherman Alexie and analyses of key works include *The Great Gatsby* *Lolita* *The Color Purple* and *The Joy Luck Club* among others Relevant contexts for these works such as the impact of Hollywood the expatriate scene in the 1920s and the political unrest of the 1960s are also explored and their importance discussed This is a stimulating overview of twentieth century American fiction offering invaluable guidance and essential information for students and general readers

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller, 2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James's *The Ambassadors* to McCarthy's *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification *American Revenge Narratives* Kyle Wiggins, 2018-07-21 *American Revenge Narratives* critically examines the nation's vengeful storytelling tradition With essays on late twentieth and twenty first century fiction film and television it maps the coordinates of the revenge genre's contemporary reinvention across American culture By surveying American revenge narratives this book measures how contemporary payback plots appraise the nation's political social and economic inequities The volume's essays collectively make the case that retribution is a defining theme of post war American culture and an artistic vehicle for critique In another

sense this book presents a scholarly coming to terms with the nation's love for vengeance. By investigating recent iterations of an ancient genre, contributors explore how the revenge narrative evolves and thrives within American literary and filmic imagination. Taken together, the book's diverse chapters attempt to understand American culture's seemingly inexhaustible production of vengeful tales.

History and Refusal Stephen N. doCarmo, 2009. This book examines the ways in which John Gardner's *October Light*, Bret Easton Ellis's *American Psycho*, Thomas Pynchon's *Vineland*, Mark Leyner's *Et Tu Babe*, Bobbie Ann Mason's *In Country*, and Don DeLillo's *White Noise* formulate critiques of a late capitalist consumer culture proclaimed in recent years to be all but unassailable.
