Why Are You Doing This By Jason:

This is Love? This is Safe? Michelle Smith,2023-08-17 Sandra a timid woman doesn't see her value in this world. The multitude of assaults on her have diminished her self-worth, value, and ability to see herself as an asset. Those relationships portrayed her life as loving and safe. She knows there must be something better than the life she lived; it couldn't have been genuine love. Fear of her past has made receiving anything real seem impossible. The continuous picking at the wounds from her past keeps them open and susceptible to infecting her, which is just what Keith, her ex-husband, wants. He will do whatever it takes to keep her down, crush her spirit, and keep her where he can manipulate her. The only important thing in her life are her children, but believing she's not worth anything better has kept her from leaving the pain and suffering behind. She struggles to believe if real love exists. When she meets Jason, feelings that she has never felt before expose themselves. Letting him get close to her, she realizes how beautiful her life could be once the healing is complete. Can she trust him, or is he just like the others using her as a tool? She has never fully trusted anyone. If she continues living in the direction she's going, chances are her kids will get sucked into a life she swore they would never have to experience. She has to let go of what she knows and start trusting people. But to have never trusted before makes it complicated. But he seems different. He lights a spark in her she never knew was there. Can she be sure of the process before her, or should she stay in what she knows is real? Pain.

History Repeating Sue Langford,2014-04-17 When Cara Andrews bumps into an old flame at a bar in town, she knows even talking to him is a mistake. She tries to leave him behind and work the amazing job she has at a top record label, but he doesn't back down. He tries to rewrite history over and over, but making her forget the past isn't something he can do. Cara is determined to move on and never repeat her history again. Leaving the past behind is a task she's determined to complete. When she meets Jason in the park, she knows it's too good to be true. She would never regret it, or would she? Jason Craig has the life that musicians dream of. He has an amazing band, two amazing daughters, and the dream tour. The only thing Jason wanted was to be happy. He didn't think it would ever be possible after his divorce until he saw a woman about to be drenched in a rainstorm. One drink and he's hooked. He could see his future in her eyes, but would she ever give a guy like him a chance? It's about never repeating history and learning from every mistake. *The Divorceary* Rafe Jadison,2020-07-25 Jason lives a comfortable life. His business is successful. Both his children have wonderful futures ahead, and people think he's pretty neat. There is just one thing Jason wishes he could get rid of: his ex. When they meet for coffee, however, Jason realizes that after ten years, he wants Howard back. Luckily, Jason has a plan. For Howard, his life is as good as it gets. He's raised two great children and helped his ex build a business that provides Howard alimony. Unfortunately, his ex is also the ultimate Zen wrecker, and no amount of deep breathing can get him out of Howard's head. When Jason shows up, broke and with a hair-brained scheme to get Howard back in his life under the guise of celebrating the tenth anniversary of their divorce, Howard isn't sure if he's being insulted or wooed. But he reluctantly agrees to go back to work at the company and to allow Jason to

move back home Can ten years heal old wounds Have Jason and Howard ever stopped loving each other or should they call it a day and just celebrate their divorce ary And in the end who will be the real trickster Jason Howard or that marvel we call love

Visiting Darkness Celeste Prater,2020-06-12 No Never saw it coming Jake s a nice guy Normal you know The man coached my son s little league for gods sake I don t understand any of this I ve known Anne for years Not once did I ever think she could do something like this Ever You re nuts Mike would give the shirt off his back if you needed it They got the wrong person He didn t kill all those people This is crazy Now get out of my yard You ve seen the headlines watched a reporter questioning stunned neighbors maybe even tuned out the incredulous voices But what if it happened right next door or at your place of work Would that get your attention Do you really know those within your bubble of existence Already world weary and emotionally numb from the death of his partner eight years prior Senior Detective Maxwell Browning never thought he d experience the familiar adrenaline pumping drive to solve an unfolding mystery ever again While the town s victim count grows so does his confusion Why are average normal people without a lick of violence in their background killing without rhyme or reason What Max finds along the road to discovery defies belief and upends everything he thought he knew or wanted to know Prepare yourself The truth lies within

Addiction John Hoffman, Susan Froemke, 2007-03-06 One question that anyone who has witnessed addiction up close inevitably asks is Why can t they just stop For decades the question has confounded addicts their families and the doctors and specialists trying to help them Now it can finally be answered Thanks to major leaps in the scientific understanding of addiction an entirely new portrait of this frightening disease has come into focus The new science tells us that addicts in part are unable to quit using drugs or alcohol because chemical changes in their brains prevent them from doing so In this penetrating look at how addiction works editors John Hoffman and Susan Froemke producers of the HBO documentary series ADDICTION have turned more than two years of research and reporting into a vitally important guide for any family faced with the disease New imaging technology has enabled scientists to peer inside the addicted brain and observe in real time what craving for drugs and alcohol looks like chemically It is now possible to literally see the ways that substances like cocaine heroin and alcohol alter the brain s Stop and Go decision making processes Better scientific understanding has yielded innovations in behavioral therapies while new medications that can be prescribed by family doctors have been clinically proven to reduce craving in alcoholics and opiate addicts The result As *Addiction Why Can t They Just Stop* reports in riveting detail there is new hope for anyone struggling with addiction The stories about scientists doctors researchers and families that face addiction gathered in this book testify to the fact that the tide has turned Yes recovery remains an imperfect process It must be tailored to the needs of the individual it may take years to achieve remission But armed with the new science based understanding of the disease experts have created treatments that are ever more precise and effective making recovery a realistic goal for all addicts The evidence is in The battle against the addiction epidemic can and should be won
