The Way of Perfection Teresa de Jesús(Teresa af Avila),1952

Way of Perfection Teresa of Avila,2015-04-21 Although she designed her book for her fellow sisters of the Carmelite Order St Teresa s Way of Perfection remains accessible to modern readers In it she sets out to lead others along the way to

union with God through prayer silence and meditation A few of the book s 42 chapters could be called a collection of rules but the majority of the book more rightly fits the description of advice As she suggests ways for readers to seek self perfection her words are practical heartfelt and drawn from personal e xperience Not only this but because of the book s less formal and less poetically obscure nature it offers up a more direct articulation of St Teresa s theological views than do her autobiography or her most famous work *The Interior Castle* *The Way of Perfection* Saint Teresa (of Avila),1946
