There Are Doors By Gene Wolfe:

There Are Doors Gene Wolfe, 2001-10-09 *There Are Doors* is the story of a man who falls in love with a goddess from an alternate universe. She flees him but he pursues her through doorways, interdimensional gateways to the other place determined to sacrifice his life if necessary for her love. For in her world to be her mate is to die. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. **Attending Daedalus** Peter Wright, 2003 This new study of the fiction of Gene Wolfe, one of the most influential contemporary American science fiction writers, offers a major reinterpretation of Gene Wolfe's four-volume *The Book of the New Sun* and its sequel *The Urth of the New Sun*. After exposing the concealed story at the heart of Wolfe's magnum opus, Wright adopts a variety of approaches to establish that Wolfe is the designer of an intricate textual labyrinth intended to extend his thematic preoccupations with subjectivity, the unreliability of memory, the manipulation of individuals by social and political systems, and the psychological potency of myth, faith, and symbolism into the reading experience. **The Daily Reader** Fred White, 2009-10-13 Let Great Reading Fuel Your Writing. Great writers read voraciously and across many topics and genres. They read to learn, to research, to study the style of others, and to improve their own work. They read because they love the written word. But becoming well read takes time, dedication, and patience. The thought can be daunting, especially when you're eager to get to your own writing. Fred White, author of *The Daily Writer*, helps you sort through the plethora of reading material available by providing you with 366 engaging excerpts from ancient poetry to modern science, on topics from allegory to food to writer's block. Each thoughtfully chosen excerpt is followed by a brief reflection and a prompt that allows you to integrate elements from each piece into your own writing. *The Daily Reader* makes broad reading accessible, invigorates your thirst for the written word, and equips you to put the power of the pros behind your writing. **Fantasy** Adam Roberts, 2025-04-24 Broad-ranging, comprehensive, but concise, this is a historical overview of the rise of genre Fantasy, tracing its roots, influences, and evolution from the 19th to the 21st century across the globe, various media, and culture. *The Wolfe at the Door* Gene Wolfe, 2023-10-31 An all-new collection from an American literary icon. The circus comes to town, and a man gets to go to the stars. A young girl on a vacation at the sea meets the man of her dreams. Who just happens to be dead. And an immortal pirate. A swordfighter pens his memoirs and finds his pen is in fact mightier than the sword. Welcome to Gene Wolfe's playground, a place where genres blend, and a genius's imagination straps you in for the ride of your life. *The Wolfe at the Door* is a brand-new collection from one of America's premier literary giants, showcasing some material never seen before. Short stories, yes, but also poems, essays, and ephemera that gives us a window into the mind of a literary powerhouse whose world view changed generations of readers in their perception of the universe.
