Biblical Women and Jewish Daily Life in the Middle Ages Elisheva Baumgarten, 2022-06-07 In Biblical Women and Jewish Daily Life in the Middle Ages Elisheva Baumgarten seeks a point of entry into the everyday existence of people who did not belong to the learned elite and who therefore left no written records of their lives She does so by turning to the Bible as it was read reinterpreted and seen by the Jews of medieval Ashkenaz In the tellings retellings and illustrations of biblical stories and especially of those centered around women Baumgarten writes we can find explanations and validations for the practices that structured birth marriage and death women's inclusion in the liturgy and synagogue and the roles of women as community leaders givers of charity and keepers of the household Each of the book's chapters concentrates on a single figure or a cluster of biblical women Eve the Matriarchs Deborah Yael Abigail and Jephthah's daughter to explore aspects of the domestic and communal lives of Northern French and German Jews living among Christians in urban settings Throughout the book more than forty vivid medieval illuminations most reproduced in color help convey to modern readers what medieval people could have known visually about these biblical stories I do not claim that the genres I analyze here literature art exegesis mirror social practice Baumgarten writes Rather my goal is to examine how medieval Jewish engagement with the Bible offers a window onto aspects of the daily lives and cultural mentalit s of Ashkenazic Jews in the High Middle Ages In a final chapter Baumgarten turns to the historical figure of Dulcia a late twelfth century woman to ponder how our understanding of those people about whom we know relatively more can be enriched by considering the lives of those who have remained anonymous The biblical stories through which Baumgarten reads contributed to shaping a world that is largely lost to us and can help us in turn to gain access to lives of people of the past who left no written accounts of their

beliefs and practices Rethinking Intentionality, Person and the Essence ,2024-02-26 What is the relationship between the concept of person and the concept of intentionality Is the phenomenological notion of essence somehow related to that of medieval philosophies What kind of entity is the person understood in her irreducible singularity These are some of the questions that the chapters in this book seek to address and develop by focusing on the thought of Aquinas Scotus and Edith Stein Indeed the editors of the book are led by the conviction that a fruitful dialogue between medieval philosophy and 20th century phenomenology may prove useful in addressing questions and problems that are still relevant in contemporary debates The book is divided into three sections devoted respectively to medieval philosophy phenomenology and some of the possible systematic and historical intersections between them Contributors are Sarah Borden Sharkey Antonio Calcagno Therese Cory Daniele De Santis Andrew LaZella Dominik Perler Giorgio Pini Francesco Valerio Tommasi Anna Tropia and Ingrid Vendrell Ferran **The Rhetoric of Cicero in its Medieval and Early Renaissance Commentary Tradition** Virginia Cox,John Ward,2018-11-12 This multi authored volume by an authoritative team of international scholars examines the transmission of Ciceronian rhetoric in medieval and early Renaissance Europe concentrating on the fortunes in particular of the two dominant classical rhetorical textbooks of the time Cicero s early *De inventione* and the contemporary pseudo Ciceronian *Rhetorica ad Herennium* The volume is unprecedented in range and depth as a presentation of the place of classical rhetoric in medieval culture and will serve to revise views of a period seen until recently as largely indifferent to the values of eloquence The main body of the volume is composed of a series of ground breaking studies of the relationship between Ciceronian rhetoric and a wide range of intellectual traditions and cultural practices including dialectic law conduct theory memory poetics and practical composition teaching preaching *ars dictaminis* and political oratory Also included are important contextualizing essays on the commentary tradition of the Ciceronian *juvenilia* on the textual history and manuscript transmission of Cicero s rhetorical works and on the Latin and vernacular traditions of Ciceronian rhetoric in Italy The volume concludes with an annotated appendix of illustrative texts containing extracts from the commentary tradition on Ciceronian rhetoric most of which have not been previously available in print Christian Attitudes Toward the Jews in the Middle Ages Michael Frassetto,2007 Publisher description **The Oxford Encyclopedia of Women in World History** Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have

not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Commentary on the Epistle to the Romans Peter Abelard,2011 Despite its importance and the frequent references made to it by modern scholars this commentary has never before been translated into English in its entirety This volume which includes an extensive introduction fills this gap thus providing a needed contribution to medieval scholarship
