The Early Coptic Papacy Stephen J. Davis, 2017-09-12 The Copts adherents of the Egyptian Orthodox Church today represent the largest Christian community in the Middle East and their presiding bishops have been accorded the title of pope since the third century AD This study analyzes the development of the Egyptian papacy from its origins to the rise of Islam How did the papal office in Egypt evolve as a social and religious institution during the first six and a half centuries AD How do the developments in the Alexandrian patriarchate reflect larger developments in the Egyptian church as a whole in its structures of authority and lines of communication as well as in its social and religious practices In addressing such questions Stephen J Davis examines a wide range of evidence letters sermons theological treatises and church histories as well as art artifacts and archaeological remains to discover what the patriarchs did as leaders how their leadership was represented in public discourses and how those representations definitively shaped Egyptian Christian identity in late antiquity The Early Coptic Papacy is Volume 1 of The Popes of Egypt A History of the Coptic Church and Its Patriarchs Also available Volume 2 The Coptic Papacy in Islamic Egypt 641-1517 Mark N Swanson and Volume 3 The Emergence of the Modern Coptic Papacy Magdi Girgis Nelly van Doorn Harder

The Gospel Hoax Stephen C. Carlson, 2005 Secret Mark first became known to modern scholarship in 1958 when a newly hired assistant professor at Columbia University in New York by the name of Morton Smith visited the monastery of Mar Saba near Jerusalem and photographed its fragments Secret Mark was announced on the heels of many spectacular discoveries of ancient manuscripts in the Near East such as the Dead Sea Scrolls and the Nag Hammadi gnostic corpus in the late 1940s and promised to be just as revolutionary Secret Mark presents what appears to be a valuable albeit fragmentary witness to early Christian traditions traditions that might shed light on Jesus's most intimate behavior In this book Stephen C Carlson uses state of the art science to demonstrate that Secret Mark was an elaborate hoax created by Morton Smith Carlson's discussion places Smith's trick alongside many other hoaxes before probing the reasons why so many scholars have been taken in by it

Not in His Image (15th Anniversary Edition) John Lamb Lash, 2021-09-18 Lash is capable of explaining the mind bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight His arguments are often lively and entertaining Los Angeles Times Fully revised and with a new preface by the author this timely update is perfect for readers of The Immortality Key Since its initial release to wide acclaim in 2006 *Not in His Image* has transformed the lives of readers around the world by presenting the living presence of the Wisdom Goddess as never before revealed illustrating that the truth of an impactful Gnostic message cannot be hidden or destroyed With clarity author John Lamb Lash explains how a little known messianic sect propelled itself into a dominant world power systematically wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets *Not in His Image* delves deeply into ancient Gnostic

writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the richness of the ancient European Pagan spirituality the Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaia In the 15th Anniversary Edition Lash doubles down on his original argument against redemptive ideology and authoritarian deceit He shows how the Gnostics clearly foresaw the current program of salvation by syringe and places the Sophianic vision of life centrally in the battle to expose and oppose the evil agenda of transhumanism making this well timed update more relevant than ever Sometimes a book changes the world Not in His Image is such a book It is clear stimulating well researched and sure to outrage the experts Get it Improve not just your own life but civilization s chances for survival Roger Payne author of Among Whales [Ancient Gospel or Modern Forgery?](#) Tony Burke,2013-01-07 In 1958 American historian of religion Morton Smith made an astounding discovery in the Mar Saba monastery in Jerusalem Copied into the back of a seventeenth century book was a lost letter attributed to Clement of Alexandria ca 150 215 CE that contained excerpts from a longer version of the Gospel of Mark written by Mark himself and circulating in Alexandria Egypt More than fifty years after its discovery the origins of this Secret Gospel of Mark remain contentious Some consider it an authentic witness to an early form of Mark perhaps even predating canonical Mark Some claim it is a medieval or premodern forgery created by a monastic scribe And others argue it is a forgery created by Morton Smith himself All these positions are addressed in the papers contained in this volume Nine North American scholars internationally recognized for their contributions to the study of Secret Mark met at York University in Toronto Canada in April 2011 to examine recent developments in scholarship on the gospel and the letter in which it is found Their results represent a substantial step forward in determining the origins of this mysterious and controversial text List of Contributors Scott G Brown Tony Burke Stephen C Carlson Bruce Chilton Craig A Evans Paul Foster Charles W Hedrick Peter Jeffery Allan J Pantuck Marvin Meyer Hershel Shanks **American Metaphysical Religion** Ronnie Pontiac,2023-01-31 An in depth exploration of four centuries of American occult and spiritual history from colonial era alchemists to 20th century teachers Details how from the very beginning America was a vibrant blend of beliefs from all four corners of the world Looks at well known figures such as Manly P Hall and offers riveting portraits of many lesser known esoteric luminaries such as the Pagan Pilgrim Tom Morton Reveals the Rosicrucians among the first settlers from England the spiritual influence of enslaved people the work of mystical abolitionists and how Native Americans and Latinx people helped shape contemporary spirituality Most Americans believe the United States was founded by pious Christians However as Ronnie Pontiac reveals from the very beginning America was a vibrant blend of beliefs from all four corners of the world Based on the latest research with the assistance of leading scholars this in depth exploration of four centuries of American occult and spiritual history looks at everything from colonial era alchemists astrologers and early spiritual collectives to Edgar Cayce the Hermetic Brotherhood of Luxor and St Germain on Mount Shasta Pontiac shows that Rosicrucians were among the first settlers from England and explores how young women of the

Shaker community fell into trances and gave messages from the dead He details the spiritual influence of the African diaspora the work of mystical abolitionists and how Indigenous groups and Latinx people played a large role in the shaping of contemporary spirituality and healing practices The author looks at well known figures such as Manly P Hall and lesser known esoteric luminaries such as the Pagan Pilgrim Tom Morton He examines the Aquarian Gospel the Sekhmet Revival A Course in Miracles the School of Ageless Wisdom and mediumship in the early 20th century He explores the profound influence of the Bodhi Tree Bookstore in Los Angeles and looks at the evolution of female roles in spirituality across the centuries He also examines the right wing of American metaphysics from the Silver Legion to QAnon Revealing the diverse streams that run through America s metaphysical landscape Pontiac offers an encyclopedic examination of occult teachers esotericists and spiritual collectives almost no one has heard of but who were profoundly influential *Pagans & Christians* Gus DiZerega,2001 Although Christianity is still a major religious force there are growing numbers of people in other faiths including the various Pagan traditions Some Christians have responded to this trend with fear and derision while some Pagans have reacted to that fear with anger and mistrust Much of the problem is due to misunderstandings and lack of communication This can change with Gus diZerega s *Pagans Christians* Here you will find a penetrating and illuminating comparison showing that neither path has the single correct approach to the Divine Rather either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All Pagans Christians is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs By sharing core ideas of both paths this book provides a way to give deeper mutual understanding and unity among the religions of the world Although Pagans Christians accepts both paths as valid the book provides a more in depth explanation of Paganism the minority religion because in some ways Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings The author is a Third Degree Gardenerian Elder and in *Pagans Christians* has presented nothing less than a brilliant defense of Paganism clearly showing how it should stand beside all of the major religions of the world as an equal As part of this defense diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack and will help any Christian to view his or her religion as a way not the way Winner of the 2001 Coalition of Visionary Resources COVR Award for Best Non fiction Book *The Library of Alexandria* Roy MacLeod,2005-01-14 The Library of Alexandria was one of the greatest cultural adornments of the late ancient world containing thousands of scrolls of Greek Hebrew and Mesopotamian literature and art and artefacts of ancient Egypt This book demonstrates that Alexandria became through the contemporary reputation of its library a point of confluence for Greek Roman Jewish and Syrian culture that drew scholars and statesmen from throughout the ancient world It also explores the histories of Alexander the Great and of Alexandria itself the greatest city of the ancient world This new paperback edition offers general readers an accessible introduction to the history of this magnificent yet still mysterious institution from the time of its foundation up to its tragic

Christopher Reyes, 2014-05 The way to maintain a Christianized falsehood is to stigmatize the real truth to such an extent that it would be heresy to even listen to it For one who is seeking historical truth A record held sacred is for the most part fundamentally vitiated vitiated Random House 1 spoiled marred 2 perverted corrupted 3 rendered invalid Tacitus 1 2 13 p 25 56 What does Christianity teach man Christianity teaches that the human race is depraved fallen and sinful D James Kennedy Why I Believe World Publishing 1980 This book is about the Christian leadership which planned from the very beginning to deceive mankind force feed mankind with their intellectual arrogance convolutions superstitions and boldly admit to it fabricating lies so preposterous and so deliberately outlandish that even the saints who also obliged Christian subjects with their theological tunnel vision had to write of them The series of books entitled In His Name will virtually challenge everything you have been taught about Christianity Just because something is old or of antiquity does not necessarily mean that it is the Truth 1 Timothy Christian apologists proclaim that Christianity is not only a Revelation of Divine Truth it is also the Inspiration to a more virtuous life excerpt from The History of the Orthodox Church by Rev Constantine Callinikos Time itself will someday expose the fallacies of their faith a faith that not only deceives its followers but a faith that will also condemn them and condemn all constructive sacred learning _____ Oh what a tangled web we weave When first we practice to deceive Sir Walter Scott _____ Why do Christian churches refuse to let their congregations read of the beginnings of their faith Why does the Christian Church refuse to allow their membership to read of the original authors Why does the Church equate suffering with virtue This book will challenge your beliefs It is meant to get one to think rationally sensibly realistically However one must know that most churches do not want you to think rationally they would rather you not think at all At one time the Catholic Church even issued guidelines as to which books a university could with permission disseminate to its students and even the works of Aristotle the Prince of Philosophers and the Holy Bible itself were actually forbidden Music and Mysticism Maxwell Steer, 1997-02 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company **Not in His Image** John Lamb Lash, 2006-11-15 Lash is capable of explaining the mind bending concepts of Gnosticism and pagan mystery cults with bracing clarity and startling insight His arguments are often lively and entertaining Los Angeles Times In Not in His Image John Lamb Lash explains how a little known messianic sect propelled itself into a dominant world power systematically wiping out the great Gnostic spiritual teachers the Druid priests and the shamanistic healers of Europe and North Africa Early Christians burned libraries and destroyed temples in an attempt to silence the ancient truth tellers and keep their own secrets But as Lash reveals the truth cannot be hidden or destroyed Not in His Image delves deeply into the shadows of ancient Gnostic writings to reconstruct the story early Christians tried to scrub from the pages of history exploring the

richness of the ancient European Pagan spirituality the Pagan Mysteries the Great Goddess Gnosis the myths of Sophia and Gaia Long before the birth of Christianity monotheism was an anomaly Europe and the Near East flourished under the divine guidance of Sophia the ancient goddess of wisdom The Earth was the embodiment of Sophia and thus sacred to the people who sought fulfillment in her presence This ancient philosophy was threatening to the emerging salvation based creed of Christianity that was based on patriarchal dominion over the Earth and lauded personal suffering as a path to the afterlife As Derrick Jensen points out in the afterword in *Lash's hands* Jesus Christ emerges as the agent provocateur of the ruling classes Sometimes a book changes the world Not in *His Image* is such a book It is clear stimulating well researched and sure to outrage the experts Get it Improve not just your own life but civilization's chances for survival Roger Payne author of *Among Whales* *An Introduction to Western Esotericism* Nadya Q.
