school year with Hispanic fourth graders who are the lowest in reading With some of my Special Education children I found that TOUCH worked I had them writing words and sentences in the sandbox It worked Another reading method that worked was having the children listen to tapes of the books they were expected to read In San Bernardino I worked for months dictating all the mandatory and supplemental readers the science and social studies textbooks up to the fourth grade level I would have these placed in listening centers with up to six headphones This worked too The truth was that everything worked but some children learned easier and faster with one method than with another Since I did not have an accurate way to diagnose which child learned best with each method of presentation I used them all I found that instead of arguing which was best that everyone benefited from a wide variety of materials and techniques I would emphasize one for a few weeks and then go to another It was very effective In ABCs I discuss each approach and how I used it My spelling method was very briefly discussed in the magazine THE INSTRUCTOR in 1980 It is easy to do and the children love it Especially the days they get to Challenge Dr Rose They look up words in any dictionary and I have to try and spell it They have to give me the same clues that I give them every day They must pronounce it correctly give me the number of letters in the word break it into syllables and give the number of letters in each and give me the definition With those clues I can spell almost any word but they love to stump me which they do Besides spelling they learn new words while they use a dictionary After years of frustration trying to put on plays I began to write my own I had experienced the frustration of long plays with a huge cast so every child had some lines I was tired of screaming at the children who were bored inattentive and got into mischief because they were waiting around to say their lines I had academic work for them but the action on the stage was distracting and I was busy as THE Director My plays we

Finkbeiner, Althier Lazar, 2015-01-01 This book is a valuable resource for teachers and other professionals who are looking for a proven way to increase cultural appreciation and awareness New applications of the ABCs model of Cultural Understanding and Communication are presented and discussed in this new volume based on studies done in the United States and Canada and Europe In this ground breaking project the authors describe how the ABCs model complicated and challenged and changed the cultural perceptions of those who participated in it even those who were initially highly resistant to such possibilities At the heart of the project is the exchange of narratives life stories that give insight into the cultural worlds of selves and others In addition to the narratives other instruments including the Transcultural Competence Scale TCC provide further evidence of the positive impact of the ABCs on participants receptivity toward cultural differences In the TRANSABCs project researchers from both sides of the Atlantic invited teacher candidates students who will become workplace and other professionals to write an autobiography A of themselves from various cultural perspectives a biography B of an individual who is culturally different from themselves along particular dimensions and to use these documents to conduct cross cultural comparisons C between themselves and the person they interviewed Furthermore candidates

developed culturally responsive ideas for the school or the workplace C These exchanges and analyses produced epiphanies and insights that translated into specific actions to improve cultural understanding and communication in classrooms and workplaces Educators and professionals can take from these examples to inspire their own personal journey toward greater cultural understanding and sensitivity **Education for All 2000-2015: Achievements and challenges**
