Willa Cather,1903 **Willa Cather** John Joseph Murphy,Merrill Maguire Skaggs,2008 This book presents interpretative approaches to Willa Cather based on materials available in the Drew University Cather Collection The scholars suggest the work left to do on Willa Cather and the diverse directions in which scholars now must travel **The Poetry of American Women from 1632 to 1945** Emily Stipes Watts,2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet's pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature **Collected Short Fiction, 1892-1912** Willa Cather,1970-01-01 Over forty short stories survey the initial years of discovery and artistic development of the beloved American author **Willa Cather Remembered** L. Brent Bohlke,Sharon Hoover,2002-01-01 The Willa Cather whom friends and acquaintances knew is not well known to contemporary readers Bourgeois and midwestern she was not a member of the Social Register society like Edith Wharton nor of the avant garde or expatriate circles as was Gertrude Stein nor was she a member of the lost generation of the younger F Scott Fitzgerald and Ernest Hemingway In the 1920s Cather turned fifty and was intent on fully developing her talent writing six major novels during that decade Willa Cather Remembered comprises reminiscences of the author written between the 1920s and 1980s by people ranging from close friends to journalistic observers and acquaintances The materials are drawn from newspapers and journals portions of books and a few previously unpublished personal letters or reflections Many of the writers knew Cather for many years others knew her at a particular time and place and a few only saw her in passing Some are celebrities such as Truman Capote others are lesser known but important names such as Henry Seidel Canby editor of the Saturday Review of Literature and Fanny Butcher editor of the Chicago Tribune book section A few of the commentators though they may have respected Cather in one way or another are highly critical of her others are unabashed admirers All however present Cather as a memorable character with an unmistakable presence These recollections by people who knew

Cather throughout the course of her professional life will acquaint readers with the woman who incited one classmate at the University of Nebraska to say I don't know if I like Willie but she's never dull

Willa Cather in Person Willa Cather, 1896-01-01 Cather the Nebraska born novelist describes her childhood her career as a writer and the influences on her work

Willa Cather and the Dance Wendy K. Perriman, 2009 Anna Pavlova's revolutionary debut in 1910 at the Metropolitan Opera House captivated the nation and introduced Americans to the charms of modern ballet Willa Cather was among the first intellectuals to recognize that dance had suddenly been elevated into a new art form and she quickly trained herself to become one of the leading balletomanes of her era Willa Cather and the Dance A Most Satisfying Elegance traces the writer's dance education starting with the ten page explication she wrote in 1913 for McClure's magazine called Training for the Ballet Cather's interest was sustained through her entire canon as she utilized characters scenes and images from almost all of the important dance productions that played in New York

The Kingdom of Art: Willa Cather's First Principles and Critical Statements, 1893-1896 Willa Cather, 1967-01-01 The Kingdom of Art attempts to give a summary of the first elementary principles on which one writer based her art and then to present a collection of critical statements personal and occasional as well as theoretical that seem to give a realistic view of Willa Cather as she was in the years 1893 1896

April twilights 1903 Willa Cather, Bernice Slote, 1962 Before she wrote her prose masterpieces Willa Cather produced striking poems which were collected in 1903 in April Twilights It was her literary debut preceding the publication of *O Pioneers* by nine years In her introduction distinguished Cather scholar Bernice Slote notes that this early edition of April Twilights restores what had been an almost lost certainly blurred portion of the creative life of a great novelist Among the thirty seven selections are the much anthologized Grandmother Think Not I Forget and the highly evocative *Prairie Dawn*

April twilights (1903); poems, ed Willa Cather, Bernice Slote, Willa Cather's Modernism Jo Ann Middleton, 1990 Willa Cather's Modernism challenges the assumption that Cather was an old fashioned exponent of styles of fiction demonstrating instead that Cather was clearly aware of the experimentation within the modernist movement Illustrative chapters deal with three central novels *A Lost Lady* *The Professor's House* and *My Mortal Enemy*

The World and the Parish Willa Cather, 1970-01-01 One of the few really helpful words I ever heard from an older writer Willa Cather declared in 1922 I had from Sarah Orne Jewett when she said to me Of course one day you will write about your own country In the meantime get all you can One must know the world so well before one can know the parish Although Cather's first novel about her own country *O Pioneers* did not appear until 1913 the process of knowing the world and of mastering her craft so far as it can be traced in her published writing already had been going on for some twenty years *The World and the Parish* Willa Cather's Articles and Reviews 1893 1902 is the fourth in a series collecting the work of these years of experiment and discovery More specifically it offers a representative collection of Cather's nonfiction writing for newspapers and periodicals during her first decade as a professional writer Selected from 520 articles and columns the text is divided into three parts

corresponding to major developments in Cather's career the period from 1893 to 1896 when she first began to write regularly for Lincoln newspapers the years in Pittsburgh when she was working for the Home Monthly and the Leader and sending her famous Passing Show column back to Nebraska and the period from the spring of 1900 to 1903 when she freelanced in Pittsburgh and Washington taught in a Pittsburgh high school and made her first trip abroad The text has been edited with three main objectives 1 to enable the reader to trace Cather's development as a writer 2 to group the material so that the reader interested in a particular subject the theatre or music or literature for example can readily locate pertinent selections and 3 to provide a context sufficient to relate these pieces to Willa Cather's life and to the times and to suggest some of their connections with the body of her work Chronologies have been included for each of the three parts and the Bibliography is the most complete yet available for the for the nonfiction writing up to 1903 Not the least remarkable feature of this collection is the range and variety of forms and subject matter reviews of books plays operas concerts art exhibits lectures feature stories interviews straight reportage columns of miscellaneous comment and travel letters Seemingly with no apparent effort Willa Cather could adjust her sights to any assignment and any audience And if it is astonishing that she could write so much about so many matters at so many levels it is perhaps even more astonishing that so much of it was so good Undeniably however the chief interest to the general reader and the peculiar value to the scholar of these journalistic writings reside in their manifold and crucial connections with Cather's later work and in the unparalleled insights they afford into the process by which a gifted writer becomes a great artist
