culture was built heavily on rituals structures and codes Within these rituals dominating their lives day in and day out was the practice of tattooing The Aztecs took tattooing to a new level Similar to those tribes of Ancient Briton the Aztecs were proud of their body art and created intricate dazzling designs that still appear in modern tattoo culture to this day But unlike the Ancient Britons who tattooed for many reasons including battle pride worshipping and recreational activities the Aztecs tattoos had one sole purpose ritual Aztec tattoos have continued to play a large role in the tattoo culture of modern day Mexico as well as fanatics worldwide Today they are used to celebrate the ancient culture and follow in their footsteps by using the animals or deities that the tattoo bearer feels closest to Some use the style to represent children s names or represent a word that holds meaning in their life Regardless of meaning these tattoos still top the scale on detail and complexity even against modern day designs
