Arthure Thorntons Library Lincoln Cathedral:

The Passing of Arthur Christopher Baswell, William Sharpe, 2014-08-13 Originally published in 1988 this volume contains papers from and commissioned after The Passing of Arthur a conference on Medieval and Renaissance Studies in November 1986 No Arthurian story is experienced without some foreknowledge of its end which the text acknowledges through a complex range of methods This collection takes this as its point of origin suggesting that all such narratives concern the passing of Arthur even indirectly so the chapters not only look at the death of Arthur but the passing on and development of the Arthurian literature The figure of Arthur and the Round Table continues to fascinate contemporary readers This interesting collection presents a wide range of Arthurian studies approaches representing some of the vast scholarship on the genre

The Catalogue of the Public Library of Victoria Public Library, Museums, and National Gallery (Vic.), 1880 Le Morte Darthur: Studies on the sources, with an introductory essay by Andrew Lang Sir Thomas Malory, 1891 *Le morte d' Arthur.*

1 Thomas Malory, 1891 **The Arthur of the English** W R J Barron, 2020-11-15 This first comprehensive treatment of Arthurian literature in the English language up until the end of the Middle Ages is now available for the first time in paperback English people think of Arthur as their own stamped on the landscape in scores of place names echoed in the names of princes even today Yet some would say the English were the historical Arthur s bitterest enemies and usurpers of his heritage The process by which Arthurian legends have become an important part of England s cultural heritage is traced in this book Previous studies have concentrated on the handful of chivalric romances which have given the impression that Arthur is a hero of romantic escapism This study seeks to provide a more comprehensive and insightful look at the English Arthurian legends and how they evolved It focuses primarily upon the literary aspects of Arthurian legend but it also makes some important political and social observations **Arthur's Kingdom of Adventure** Muriel Whitaker, 1984 The setting of medieval Arthurian romance as typified by Malory s *Morte Darthur* plays an important part in the creation of the atmosphere of the stories and in intensifying the drama of the action Professor Whitaker looks at the Arthurian world which Malory inherited from his sources and to which he added his own details and examines its different aspects castles and forests kingdoms and empires showing how these diverge from reality to meet the particular requirements of romance how new political and temporal relationships are set up for the same reason and how it was shaped by the presence of the Otherworld in the Celtic stories from which many episodes were drawn **Studies in Arthurian Illustration Vol II** Alison

Middle English Manuscripts Kathryn Kerby-Fulton, Maidie Hilmo, Linda Olson, 2024-05-15 Deeply informed and lavishly illustrated *Opening Up Middle English Manuscripts* is a comprehensive introduction to the modern study of Middle English manuscripts. It is intended for students and scholars who are familiar with some of the major Middle English literary works such as *The Canterbury Tales*, *Gawain and the Green Knight*, *Piers Plowman* and the romances, mystical works or cycle plays but who may not know much about the surviving manuscripts. The book approaches these texts in a way that takes into account the whole manuscript or codex: its textual and visual contents, physical state, readership and cultural history. *Opening Up Middle English Manuscripts* also explores the function of illustrations in fashioning audience response to particular authors and their texts over the course of the fourteenth and fifteenth centuries. Kathryn Kerby-Fulton, Linda Olson and Maidie Hilmo, scholars at the forefront of the modern study of Middle English manuscripts, focus on the writers most often taught in Middle English courses, including Geoffrey Chaucer, William Langland, the *Gawain* Poet, Thomas Hoccleve, Julian of Norwich and Margery Kempe, highlighting the specific issues that shaped literary production in late medieval England. Among the topics they address are the rise of the English language, literacy, social conditions of authorship, early instances of the Alliterative Revival, women and book production, nuns, libraries, patronage, household books, religious and political trends, and attempts at revisionism and censorship. As of 2024, *Opening Up Middle English Manuscripts* is available as an ebook, ideal for instructors teaching the book in courses. The fully searchable PDF ebook version is available through most digital textbook platforms and library ebook aggregation platforms.

King Arthur's Death Michael Smith, 2021-02-18 *King Arthur's Death*, commonly referred to as the Alliterative *Morte Arthure*, is a Middle English poem that was written in Lincolnshire at the end of the fourteenth century. A source work for Malory's later *Morte d'Arthur*, it is an epic tale which documents the horrors of war, the loneliness of kingship and the terrible price paid for arrogance. This magnificent poem tells of the arrival of emissaries from Imperial Rome demanding that Arthur pay his dues as a subject. It is Arthur's refusal to accept these demands and the premise of foreign domination which leads him on a quest to confront his foes and challenge them for command of his lands. Yet his venture is not without cost. His decision to leave Mordred at home to watch over his realm and guard Guinevere, his queen, proves to be a costly one. Though Arthur defeats the Romans, events in Britain draw him back where he must now face Mordred for control of his kingdom, a conflict ultimately fatal to the pair of them. Combining heroic action, probing insight into human frailty and a great attention to contemporary detail, *King Arthur's Death* is not only a lesson in effective kingship; it is also an astonishing mirror on our own times, highlighting the folly of letting stubborn dogma drive political decisions.

Texts and Territories Hülya Taflı Düzgün, 2018-07-27 The writing of a literary text is as a retrospective explanation of what is happening in the present, including social, cultural, religious and political events, and is a deliberate re-creation in actual practice. The impact of immediate contemporary concerns places a literary text at least partly outside the author's control. The author responds to a given context of historical and cultural incident that limits his freedom.

to invent adapt or explain Of these contemporary concerns the literary text is concerned first with how cultural practices and cultural changes helped to create it and second with what happens when specific historical events appear to model themselves on narrative structures and how those events can be given a conscious boost by narrative authors or patrons to make the parallels even closer History turns into literary narrative or literary narrative turns into history therefore literature and history live in each other's pockets The medieval texts that straddle the borderland between literature and history what has been called a medieval fashion for pseudo history have been repeatedly commented on over the years However the broader implications of this phenomenon for the modern understanding of medieval concepts of the past and historiography have been under explored This volume engages with the history and the literary narrative in Medieval England through a variety of approaches to an interdisciplinary array of texts ranging from Latin Old French Anglo Norman to Middle English between the eleventh and fifteenth centuries
