 investigates the cultural production of the visual iconography of popular pleasure grounds from the eighteenth century
 pleasure garden to the contemporary theme park Deborah Philips identifies the literary genres including fairy tale gothic
 horror Egyptiana and the Western which are common to carnival sites and traces their historical transition across a range of
 media to become familiar icons of popular culture Though the bricolage of narratives and imagery found in the contemporary

 ironist or aesthete He describes in detail how Hitchcock s characteristic tone is achieved through a titillating combination of
 suspense and black humor that subverts the moral framework of the romantic thriller and a meticulous approach to visual
 style that articulates the lure of human perversity even as the ideal of romance is being deliriously affirmed Discussing more
 than thirty films from the director s English and American periods Allen explores the filmmaker s adoption of the idioms of
 late romanticism his orchestration of narrative point of view and suspense and his distinctive visual strategies of aestheticism
