LUIGI GIUSSANI

American Protestant Theology A Historical Sketch

Saint John Henry Newman

American Protestant Theology A Historical Sketch:

American Protestant Theology Luigi Giussani, Damian Bacich, 2013-09-01 In American Protestant Theology Luigi Giussani traces the history of the most meaningful theological expressions and the cultural significance of American Protestantism from its origins in seventeenth century Puritanism to the 1950s Giussani clarifies and assesses elements of Protestantism such as the democratic approach to Church State relations The Great Awakening Calvinism and Trinitarianism and liberalism His rich references and analytical descriptions reconstruct an overview of the development of a religion that has great importance in the context of spiritual life and American culture He also displays full respect for the religious depth from which Protestantism was born and where it can reach and expresses great admiration for its most prominent thinkers and spiritual leaders including Jonathan Edwards Horace Bushnell Walter Rauschenbusch Reinhold Niebuhr and Paul Tillich Further testament to Giussani's clear minded and comprehensive knowledge of Christianity American Protestant Theology makes the work of a master theologian available in English for the first time American History: Comprising Historical Sketches of the Indian Tribes Marcius Willson, 1847 **American history; comprising historical sketches of the Indian tribes; a description of American antiquities; ... history of the United States, with appendices showing its connection with European history; history of the present British provinces, ... of Mexico, and ... of Texas, etc** Marcius WILLSON, 1847 Historical Sketches of the Foreign Missions of the Methodist Episcopal Church, from the Origin of Each to the End of the Year 1880, with a Map of Each Mission John Morrison Reid, 2024-04-28 Reprint of the original first published in 1881 **In Quest of a Vital Protestant Center** George Demetrios, 2014-10-06 In Quest of a Vital Protestant Center probes the relationship between Scripture and culture in twentieth century US theology and biblical studies It points to the necessity of turning to what Karl Barth has referred to as the strange new world within the Bible for any revitalization of mainline Protestantism in the tradition of the Protestant Reformers in critical dialogue with serious evangelical theology The study includes a historical overview underlying what Demetrios refers to as the fundamentalist modernist great divide which continues to resonate powerfully in contemporary US Protestant thought and culture Demetrios offers an in depth exploration of four representative twentieth century Protestant theologians and biblical scholars spanning from the conservative evangelical theology of J I Packer to the postliberal dialectical theology of Walter Brueggemann The book includes a chapter on the neo orthodox legacy as a mediating resource in bringing evangelical and postliberal theology into dialogue with the core issues of theology biblical hermeneutics and religious culture Demetrios concludes with a critically empathetic review of the postliberal dialectical theology of Douglas J Hall and the evangelical narrative theology of Richard Lints In linking evangelical postliberal and neo orthodox theology to a common search for a vital Protestant center this book will facilitate fruitful dialogue among divergent schools of Protestant thought and culture Historical Sketch of the Second War Between the United States of America, and Great Britain: Events of 1812-13 Charles Jared Ingersoll, 1845 **History of**

the Church in the Eighteenth and Nineteenth Centuries Karl Rudolf Hagenbach, 1869 *Historical Sketches* Blessed John Henry Newman, Aeterna Press, The following sketch of Turkish history was the substance of Lectures delivered in the Catholic Institute of Liverpool during October 1853 It may be necessary for its author to state at once in order to prevent disappointment that he only professes in the course of it to have brought together in one materials which are to be found in any ordinarily furnished library Not intending it in the first instance for publication but to answer a temporary purpose he has in drawing it up sometimes borrowed words and phrases to save himself trouble from the authorities whom he has consulted and this must be taken as his excuse if any want of keeping is discernible in the composition He has attempted nothing more than to group old facts in his own way and he trusts that his defective acquaintance with historical works and travels and the unreality of book knowledge altogether in questions of fact have not exposed him to superficial generalizations Aeterna Press

The New England Theology Douglas A. Sweeney, Allen C. Guelzo, 2015-05-13 This volume of rare sermons and documents makes an unprecedented contribution to our understanding of the New England Theology as it emerged from Jonathan Edwards and continued through Edwards Amasa Park The introduction prepared by two seasoned Edwards scholars represents an acute and thought provoking analysis of the intellectual and rheological underpinnings of the New England Theology A rich absorbing and always engaging collection this volume will be of great interest to Edwards scholars and general readers alike Harry S Stout Yale University One of the problems in studying American theology in the eighteenth and nineteenth century is that many of the sources are not easily available The New England Theology is a marvelous anthology of central writings Aficionados may quibble because some valuable material was left out but this is a great collection The introductions and editorial work of the editors are also helpful and fair minded Bruce Kucklick University of Pennsylvania This volume collecting the major representative writings of the American disciples of Jonathan Edwards is the first of its kind and long overdue In the hands of Sweeney and Guelzo the New Divinity movement emerges here as a grand story told in the medium of theology that both reflected and shaped the new republic Kenneth P Minkema Yale University Although both historians and the general public have become increasingly fascinated by Jonathan Edwards many know little

about the thinkers who tried to carry on his legacy Douglas Sweeney and Allen Guelzo should be commended for assembling a marvelous collection of writings Catherine A Brekus University of Chicago Divinity School In these judicious selections accompanied by crisp and illuminating introductions Sweeney and Guelzo ably identify the vitality and scope of the New England Theology If you want to know something of the flavor and substance of America s first indigenous theology this volume is the place to begin David W Kling University of Miami This collection of the New England Theology s primary texts clearly reveals both the continuing presence of Edwardsean thought and the diversity of its expression in the century following Jonathan Edwards s death Ava Chamberlain Wright State University The Social Philosophy of Bishop Samuel Fallows William H. Pease,1948 **Catalogue of the Brooklyn Library** Brooklyn Public Library,1877 *Finding List of Books and Periodicals in the Central Library ...: Philosophy; religion; language; literature; essays and miscellaneous works [etc.]* 1894 Enoch Pratt Free Library,1894 Catalogue of the Mercantile Library of the City of Brooklyn ,1877 **Prayers in Stone** Paul Eli Ivey,1999 The classical revival style of architecture made famous by the 1893 World s Columbian Exposition in Chicago left its mark on one of the most sustained classical building movements in American architectural history the Christian Science church building movement By 1920 every major American city and many smaller towns contained an example of this architecture financed by the followers of Mary Baker Eddy the church s founder These buildings represented a new burgeoning American institution that appealed to business people and to young men and women working to succeed Characterized by middle class congregations that in the early part of the century were over 75 percent women Christian Science suggested radical civic reform solutions based on an idealistic and pragmatic individualism It attracted criticism from traditional churches and from the medical establishment due to its rapid growth and to its reinstatement of primitive Christianity s lost elements of physical healing and moral regeneration Prayers in Stone spins out the close connections between Christian Science church architecture and its social context This architecture served as a focal point for debates over the possibilities for a new twentieth century urban architecture that proponents believed would positively shape the behavior of citizens Thus these buildings played a critical role in discussions concerning religious and secular architecture as major elements of religious and social reform Drawing on a wide range of documentary evidence including material from the archives of the Mother Church in Boston Paul Ivey uses Christian Science architecture to explore the social implications of architectural styles and new building technologies to illuminate class based notions of civic reform and beautification and to investigate the use of architecture to bring about religious and social change In addition the book explores complex gender issues including early attempts to define a professional space for women as Christian Science practitioners Lavishly illustrated Prayers in Stone focuses on four major city arenas of Christian Science building Boston Chicago New York and the San Francisco Bay area to demonstrate the vital intersection of architecture and religion at the so called margins of American society
