Journal of synagogue music ,1993 **The Travel Diaries of Peter Pears, 1936-1978** Peter Pears,1995 PETER PEARS s reputation as an outstanding and distinctive tenor is grounded in his interpretations of Benjamin Britten s works their partnership of thirty years significantly shaped and defined musical developments not only in England but on a broader plane Throughout their busy professional lives they travelled extensively on concert tours and on holiday finding fresh stimulus in

change Pears's twelve travel diaries brought together in this volume record much of that travel and provide valuable contextual material on the musical development of both Pears and Britten. The first diary dates from 1936, the year before his friendship with Britten began, when he went on tour to North America with the New English Singers. Other diaries record the five-month tour to the Far East and the important encounters, especially for Britten, with the gamelan music of Bali and the Japanese Noh theatre; visits to Russia as guests of Mstislav Rostropovich and his wife Galina Vishnevskaya, where they met significant figures from Russian musical life; and attendance at the Ansbach Bach Festival when Pears was at the height of his career. Also recorded are holidays in the Caribbean and Italy, a concert tour through the north of England, and accounts of the rehearsals and performances of the New York premieres of *Billy Budd* and *Death in Venice*. **The Finale in Western**

Instrumental Music Michael Talbot, 2001. The knowledge that finales are by tradition and perhaps also necessarily different from other movements has been around a long time, but this is the first time that the special nature of finales in instrumental music has been examined comprehensively and in detail. Three main types of finale, labelled relaxant, summative, and valedictory, are identified. Each type is studied closely with a wealth of illustration and analytical commentary covering the entire period from the Renaissance to the present day. The history of finales in five important genres—suite, sonata, string quartet, symphony, and concerto—is traced, and the parallels and divergences between these traditions are identified. Several wider issues are mentioned, including narrativity, musical rounding, inter-movement relationships, and the nature of codas. The book ends with a look at the finales of all Shostakovich's string quartets, in which examples of most of the types may be found.
