*Becoming a Wildlife Professional* Scott E. Henke, Paul R. Krausman, 2017-09 Published in association with The Wildlife Society

*OECD Skills Studies OECD Skills Strategy Slovak Republic Assessment and Recommendations* OECD, 2020-04-10 This report *OECD Skills Strategy Slovak Republic Assessment and Recommendations* identifies opportunities and makes recommendations to strengthen the skills of youth reduce skills imbalances foster greater participation in adult learning and strengthen the use of skills in the workplace

*Social Work Education in Europe* Marion Laging, Nino Žganec, 2021-05-07 This contributed volume provides an in depth overview of current social and socio political transformations in Europe and their effects on social work and its educational structures It elucidates these transformations and structures at the individual level of ten different countries and goes on to elaborate a European perspective in this field Readers gain insight into the variety in social work and its educational structures in Europe and at the same time readers receive starting points for the exchange of ideas collaboration and further development in the individual countries and in Europe The introduction outlines the current developments and challenges facing social work education in Europe contextualizing the topics to be covered in the volume Each chapter offers an individual country profile of social work including an analysis of typical examples of different traditions of educational models for social work that collectively provide insight into an overall European model of education for social work The countries selected represent all parts of Europe Finland Latvia Germany United Kingdom The Netherlands France Italy Croatia Romania Cyprus

*European Social Work Education Traditions and Transformations* is an essential resource an up to date and differentiated inventory of social work education in Europe from a horizontal and vertical perspective which describes fields of work and approaches that prepare students to practice social work examines the degree of academization of the discipline and investigates its structures and conditions Social workers and social work educators researchers and practitioners will find this an engaging and useful text

*OECD Reviews of Vocational Education and Training Pathways to Professions Understanding Higher Vocational and Professional Tertiary Education Systems* OECD, 2022-05-05 Higher vocational and professional tertiary

education includes programmes with very different design features and functions ranging from two year programmes in tertiary institutions through professional bachelor degrees to free standing professional examinations designed to upskill existing practitioners This report compares this sector across OECD countries drawing on quantitative and qualitative data

**OECD Reviews of Vocational Education and Training Building Future-Ready Vocational Education and Training Systems** OECD,2023-07-31 A changing world of work brings the importance of Vocational Education and Training VET to the forefront as it has the ability to develop the skills that are needed in today s labour markets and societies At the same time structural changes highlight the need to re engineer certain parts of VET systems in some countries to make them more resilient and ensure they can make the most of the opportunities ongoing changes present *Earned Degrees Conferred* ,1961 **Earned Degrees Conferred by Higher Educational Institutions** United States. Office of Education,1960 **Professional Ethics in Welfare Work and Education** Bjørn Ribers,Niels Warring,2025-08-19

Fundamentally concerning the relationship and dynamics between education professionalism and ethical awareness this interdisciplinary edited volume showcases novel research perspectives on professional ethics in education practice and the work life of welfare professionals in the Nordic countries Contextualising the term welfare professions as the collective definition of teachers early childhood educators social educators social workers and nurses in the Nordic countries the book chiefly concerns their ability to navigate within the complex political and institutional frameworks that surround their working environments Chapters position their competence to act with strong critical ethical awareness and integrity as a key tenet of a well functioning education system and provide research based perspectives and reflections on how the dichotomy between ethical standards and realities of practice can lead to ethical pressure and moral distress With contributions from Denmark and the Nordic countries as well as Canada and the US the book offers empirical and theoretical perspectives into the relationship between education professionalism and ethical awareness and is supported with empirical examples and research based case studies Ultimately the book showcases and promotes research aimed at strengthening professionalism based on critical innovative and practice focused education This enlightening book will be essential reading for global academics researchers and postgraduate students in the fields of pedagogy professional development the sociology of education and education ethics more broadly Those involved with issues of welfare in society working life research policy and professional values will also find the volume of use **Professional and Postgraduate Departments** Boston

University,1895 **Social work in XXI Century St. Challenges for academic and professional training.** Concepción Nieto-Morales,2018-08-03 The book that you hold in your hands or on the screen of any technological device is the result of the effort made by a group of professors with the collaboration of professionals in different universities and study centres in twenty five countries It is title is already revealing Social Work in the 21st Century It is remarkable the coordination of professors Concepci n Nieto Morales and Monica Solange De Martino Berm dez for readers to know not only the curriculum

of Social Work in each of the countries that appear but also the profile of the student body and the identification and reflection on the challenges that the 21st century poses to the teaching of the profession among other elements Being a social worker in these times requires a previous awareness before starting the long road that begins with academic training and ends with the daily work linked to people who need help they need us to help them to conquer their rights There is something else Social problems over the years seem not to change their name homeless drug addicts minors but we must know that the internal dynamics of these marginalized groups evolve over time We must act according to today s situation with today s schemes otherwise the essence of social work will disappear

Academic and Professional Identities in Higher Education Celia Whitchurch, George Gordon, 2009-12-04 The latest volume in the Routledge International Studies in Higher Education Series Academic and Professional Identities in Higher Education The Challenges of a Diversifying Workforce reviews the implications of new forms of academic and professional identity which have emerged largely as a result of a broadening disciplinary base and increasing permeability between higher education and external environments The volume addresses the challenges faced by those responsible for the wellbeing of academic faculty and professional staff International perspectives examine current practice against a background of rapidly changing policy contexts focusing on the critical people dimension of enhancing academic and professional activity while also addressing national socio economic and community agendas Consideration is given to mainstream academic faculty and professional staff researchers library and information professionals people with an interest in teaching and learning and those involved in individual projects or institutional development The following provide the key themes of Academic and Professional Identities in Higher Education The Challenges of a Diversifying Workforce The implications of diversifying academic and professional identities for the functioning of higher education institutions and sectors The pace and nature of such change in different institutional systems and environments The challenges to institutional systems and structures from emergent identities and possible tensions and how these might be addressed The implications of blurring academic and professional identities with a shift towards mixed or blended roles for individual careers and institutional development

*Developing Professional Practice in the Early Years* Shirley Allen, Mary Whalley, Maureen Lee, Angela Scollan, 2019-10-14 Developing Professional Practice in the Early Years encourages the reader to critically consider key aspects of early childhood education and care The book is a valuable and accessible tool for those on professional pathways to Qualified Teacher Status QTS or Early Years Teacher Status EYTS or those engaged in Early Childhood Studies programmes or similar degree programmes courses relating to early years practice This book will also be of interest to those engaged in continuous professional development CPD programmes The book recognises the important contribution that early years education and care can make to children s future outcomes It can be read in depth or dipped into when need arises Each chapter will help the reader to engage with challenging concepts and ideas which underpin early childhood policy and practice Strong practical elements to the book aim to support the

application of learning to high quality practice with young children The generic term early childhood professional is used throughout the book to encompass the diversity of roles within early childhood practice The book aims to support the reader to critically consider the complexity of being professional in contemporary early childhood practice by providing a strong theoretical and practice based framework of the role and context of the early childhood professional Key features of the book include Reflective tasks to support critical thinking about key aspects of professional practice Case studies to enable the reader to learn from stories and situations about real professionals and their practice Positive Practice Impact PPI boxes to provide specific examples of good professional practice in early childhood Each chapter of this essential text concludes by signposting further reading book chapters journal articles websites to build greater depth of knowledge and extend the reader s understanding of early childhood theory and practice      *Circular - Office of Education* United States. Office of Education,1963
