Solution Simon Conway Morris, 2003-09-04 The assassin's bullet misses the Archduke's carriage moves forward and a
catastrophic war is avoided So too with the history of life Re-run the tape of life as Stephen J Gould claimed and the outcome
must be entirely different an alien world without humans and maybe not even intelligence The history of life is littered with
accidents any twist or turn may lead to a completely different world Now this view is being challenged Simon Conway Morris
explores the evidence demonstrating life's almost eerie ability to navigate to a single solution repeatedly Eyes brains tools
even culture all are very much on the cards So if these are all evolutionary inevitabilities where are our counterparts across
the galaxy The tape of life can only run on a suitable planet and it seems that such Earth-like planets may be much rarer than
hoped Inevitable humans yes but in a lonely Universe *Books in Print Supplement*, 2002 **Excel Senior High School**
