Politics of Dress in Asia and the Americas Mina Roces, 2010-01-20 Explores the ways in which dress has been influential in the political agendas and self representations of politicians in a variety of regimes from democratic to authoritarian Arguing that dress is part of politics this book shows how dress has been crucial to the constructions of nationhood and national identities in Asia and the Americas

Images Libraries Museums/Arch Amy Mccoll, 2005-07-19 First Published in 1997 This is Volume IX Number I of Visual Resources an international journal of documentation This special issue focuses on images in libraries museums and archives description and intellectual access papers from the Philadelphia Area Consortium of Special Collections Libraries Summer Seminar of 1993

The Only True America David R. Hauser, 2000-08-14 Probing the Journals of Lewis and Clark far more closely than other works the book develops the understanding that these Enlightenment gentlemen from Virginia gradually entered the unfamiliar world of the West and Native American animism and magic and they responded differently Clark adapted and learned from the Indians whereas Lewis resisted them as savages Clark returned after having envisioned a landscape of hope and lives a long life of service to native tribes Lewis saw a landscape of despair and in the three remaining years of his life encountered conflict and disappointment Both perspectives on the West are still alive Some find in the virtual obliteration of Native American cultures and the despoiling of the land itself the loss of the West But another impulse toward energy inventiveness and community spirit seems alive especially evident in the smaller cities and larger towns along the route of the explorers In such places the landscape of hope is very much alive The experience of Lewis and Clark then parallels our experience today

America's Strategy in Southeast Asia James A. Tyner, 2006-12-21 Geography encompasses everything from the local where human beings live work and travel to metageographies like nations and regions James A Tyner's inventive and multidisciplinary ideas on geography similarly range from the personal his father's experience in the military during the Vietnam War to a broad discussion of how the United States has come to exercise power through the production of geographic knowledge in this case in Southeast Asia Since the end of the Second World War Southeast Asia has served as a surrogate space to further American imperial interests which are economic political territorial and moral in scope America's Strategy in Southeast Asia contends that the construction of Southeast Asia as a geographic entity has been a crucial component in the creation of the American empire For example America's most blatant experience of colonial rule occurred the Philippines America's longest

war was fought in Vietnam and most recently some American policymakers have identified Southeast Asia as the Second Front in the War on Terror Yet America s overriding strategy in Southeast Asia and the region itself remains something of a mystery for the American populace a black box in America s geographical imagination This clear and innovative book educates readers about Southeast Asia s importance in American foreign policy *Official Gazette of the United States*

Richard D. Ashmore,Frances K. Del Boca,2013-10-22 *The Social Psychology of Female Male Relations A Critical Analysis of Central Concepts* covers the thoughts feelings and behaviours of individuals in social interaction and explicitly considers women and men in relation to one another as individuals as representatives of social categories and as significant social groups Chapter One lays out the parameters of the social psychology of female male relations Chapter Two contains two major insights that gender identity is a complex multifaceted construct and that the structure and degree of differentiation of gender identity develop and change over the life course Chapters Three and Four present a relatively general cognitive social psychological framework for two important constructs sex stereotypes and gender related attitudes Chapter Five offers a critique of analyses that explain the behavior of women and men in close personal relationships in terms of sex differences in the individual dispositions of the participants Chapter Six presents a strong and straightforward critique of the current usage of the term sex role to describe a global set of behavioral prescriptions that apply to all women and to all men Chapter Seven presents a comprehensive review of research on gender related patterns of behavior in task groups that cannot be found elsewhere The concluding chapter summarizes points made in earlier chapters and offers a set of notes toward a theory of female male relations Social scientists especially psychologists sociologists and anthropologists doing research on women on men or on women and men in relationships or in social interaction **Old-Time Music Makers of New York State** Simon

J. Bronner, 1988-01-01 Ask an old timer what life was like in rural upstate New York during the nineteenth and early twentieth centuries and you will hear about the dances and bees that brought villagers and farmers together You will hear of favorite fiddlers who held center stage with dance tunes taken from early British and American sources You will hear of old time music and its significance to a people making the transition from a rural agricultural life to an urban industrial one *Old Time Music Makers of New York State* is the first book published on this rich legacy of traditional Anglo American music and dance It traces the development of old time music beginning with its movement into New York State from New England in the early nineteenth century and to its combination with commercial country music in the twentieth century Exploring the regional character of the music and its meaning to the people who enjoy it Bronner introduces memorable figures from the major periods in the development of old time music and he places their stories their lives and their music in the context of the region's cultural and historical changes This is much more than a regional study however Bronner brings to the fore issues of national scope and interest He discusses the relationship of old time music to the commercial country music with which it has been closely aligned and he challenges the prevailing wisdom that the origins of country music are in the South Musician fan folklorist and historian alike will benefit from and enjoy this book The many musical transcriptions annotations photographs and appendixes provide a valuable reference to be used again and again [Introduction to Art Image Access](#)

Murtha Baca, 2002-07-25 With the proliferation of information on the World Wide Web and in other networked environments one of the main things that users search for are images of works of art and architecture End users generally try to search for images by subject a process that often proves unsatisfactory and frustrating Cataloging images of works of art has always been challenging but now that end users need only have access to the Internet the challenge is more daunting than ever This illustrated book on using metadata standards and controlled vocabularies to catalog and provide accurate end user access to images of works of art also focuses on decisions that must be made about the arrangement of visual records descriptive principles and methodologies and requirements for access *Introduction to Art Image Access* addresses the issues that underlie a visual collection to make it accessible in an electronic environment A glossary selected bibliography and list of acronyms and URLs are included **Slavery and Identity**

Mieko Nishida, 2003-04-10 Using both primary archival and printed sources Mieko Nishida examines the perspectives of slaves ex slaves and free born people of color and the critical factors that affected their lives and self perceptions The book offers a new window on slave life in nineteenth century Salvador Brazil and illustrates the difficulty of generalizing about New World slave societies **Cyclopædia of Biblical, Theological, and Ecclesiastical Literature**

John McClintock, James Strong, 1890 *The Sea Lions* James Fenimore Cooper, 2023-04-01 *The Sea Lions* 1849 is the twelfth and last of Cooper's sea novels a genre he largely invented Drawing upon memories from nearly three decades earlier of his own ventures in whaling and his reviews of accounts of exploring and hunting in cold seas Cooper fashioned an exciting tale of two small vessels capturing seals near the Antarctic Circle When

the sealers are trapped by the ice and forced to winter over in extreme conditions Cooper's hero undergoes a spiritual transformation amidst the sublime threat of hostile Nature The editors argue that this transformation parallels Cooper's gradual shift from a religion of Nature to his embracing Trinitarian Christianity In expanding the scope of his sea fiction to embrace spiritual questions Cooper anticipates Melville who reviewed the novel favorably This scholarly edition the thirtieth in The Writings of James Fenimore Cooper series presents an accurate text that draws upon both the American first edition and the British first edition for which the editors have determined Cooper provided some revisions not found in his American text The edition provides extensive historical cultural and geographic explanatory notes The editors also provide a full scholarly apparatus discussing their editorial choices and the edition has been approved by scholarly peers in the Committee for Scholarly Editions of the Modern Language Association
