Ambrose author of *Band of Brothers* and *Citizen Soldiers* *Command Legacy* is a first class primer on company level command. Wish I had a copy when I took over my first company as its skipper. Must reading for pros. Col David Hackworth USA Ret author of *About Face*. One of the most important soldier's manuals developed in modern Army times. Lt Col Dominic J Caraccilo USA in *Military Heritage*. The burden of fighting wars large or small often rests on the soldiers and junior leaders of small infantry units. *Command Legacy* the definitive source on small unit tactics presents one combat officer's conclusions about how to approach tactical problems and missions and about the links among tactical theory doctrine and practice. It is meant to prime junior leaders for tactical operations team building and professional development and explains in detail what needs to be done why when and by whom. It attempts to reconcile both what to think and how to think providing a voice of experience to readers. Newly returned from a tour in Afghanistan Lt Col Raymond Millen has updated the book with fresh information to reflect lessons learned in Iraq and Afghanistan new equipment and new methods of counterinsurgency and urban combat. From developing company doctrine preparing for a mission and conducting assaults to addressing such concerns of the individual soldier as supply terrain and weather any leader officer or enlisted tasked to conduct tactical operations needs this valuable book.
