Howard Sounes

Art Active Listening Vicki Williams:

The Rock Cries Out Steve Stockman, 2004 Steve Stockman author of the international hit Walk On The Spiritual Journey of U2 explores the music of twelve artists who haven't necessarily professed a Christian faith but whose work is undergirded with issues, questions and insights that are very much biblical. If you look closely their music is saturated with spiritual context and redemptive messages that can teach life-changing truth to the believer and spiritual seeker alike. Is God speaking through these unlikely prophets? If so, are you listening? Book jacket

She began writing poetry over 30 years ago at the behest of friends for weddings and other special events. C Etta Powers says she was inspired to pen her love gone wrong poems *Why I Prayed Yo Ass Away*, *Indelible Ink* and *The Pill* because of internet cheating and also because of Viagra which gave renewed hope to once impotent cheaters. She says that both the internet and Viagra continue to leave a trail of tears and heartache in their wake. C Etta Powers' socio-political poems cover incarceration, ex-prisoners, an ex-prisoner's prayer, wrongful convictions, gentrification, immigration, racism and more. Her political views are reflected in *Death of The GOP*, *The House That Boener Built*, *I'll Fight For My Money* about social security, *Bring The Jobs Back Home* and other pro-Obama poems and songs

Option, 1993 Art and Form Sam Rose, 2019-03-25 This important new study reevaluates British art writing and the rise of formalism in the visual arts from 1900 to 1939. Taking Roger Fry as his starting point, Sam Rose

rethinks how ideas about form influenced modernist culture and the movement's significance to art history today In the context of modernism formalist critics are often thought to be interested in art rather than life a stance exemplified in their support for abstract works that exclude the world outside But through careful attention to early twentieth century connoisseurship aesthetics art education design and art in colonial Nigeria and India Rose builds an expanded account of form based on its engagement with the social world Art and Form thus opens discussions on a range of urgent topics in art writing from its history and the constructions of high and low culture to the idea of global modernism Rose demonstrates the true breadth of formalism and shows how it lends a new richness to thought about art and visual culture in the early to mid twentieth century Accessibly written and analytically sophisticated Art and Form opens exciting new paths of inquiry into the meaning and lasting importance of formalism and its ties to modernism It will be invaluable for scholars and enthusiasts of art history and visual culture
