Cézanne and America John Rewald, 2023-08-15 John Rewald the internationally acclaimed Cezanne scholar presents here for the first time a full account of how the artist's reputation and influence became established in America between 1891 and 1921 and of how some of the world's largest collections of Cezanne's works were formed in the

United States **National Endowment for the Humanities ... Annual Report** National Endowment for the Humanities,1991 A Taste of Power Katharina Vester,2015-10-02 A Taste of Power is an investigation of the crucial role culinary texts and practices played in the making of cultural identities and social hierarchies since the founding of the United States Nutritional advice and representations of food and eating including cookbooks literature magazines newspapers still life paintings television shows films and the internet have helped throughout American history to circulate normative claims about citizenship gender performance sexuality class privilege race and ethnicity while promising an increase in cultural capital and social mobility to those who comply with the prescribed norms The study examines culinary writing and practices as forces for the production of social order and at the same time as points of cultural resistance against hegemonic norms especially in shaping dominant ideas of nationalism gender and sexuality suggesting that eating right is a gateway to becoming an American a good citizen an ideal man or a perfect mother Cookbooks as a low prestige literary form became the largely unheralded vehicles for women to participate in nation building before they had access to the vote or public office for middle class authors to assert their class privileges for men to claim superiority over women even in the kitchen and for Lesbian authors to reinscribe themselves into the heteronormative economy of culinary culture The book engages in close reading of a wide variety of sources and genres to uncover the intersections of food politics and privilege in American culture Provided by publisher **The Grove Encyclopedia of American Art** Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries Citizen Spectator Wendy Bellion,2012-12-01 In this richly illustrated study the first book length exploration of illusionistic art in the early United States Wendy Bellion investigates Americans experiences with material forms of visual deception and argues that encounters with illusory art shaped their understanding of knowledge representation and subjectivity between 1790 and 1825 Focusing on the work of the well known Peale family and their Philadelphia Museum as well as other Philadelphians Bellion explores the range of illusions encountered in public spaces from trompe l'oeil paintings and drawings at art exhibitions to ephemeral displays of phantasmagoria Invisible Ladies and other spectacles of deception Bellion reconstructs the elite and vernacular sites where such art and objects appeared and argues that early national exhibitions doubled as spaces of citizen formation Within a post Revolutionary culture troubled by the social and political consequences of deception keen perception signified able citizenship Setting illusions into dialogue with Enlightenment cultures of science print politics and the senses Citizen Spectator demonstrates that pictorial and optical illusions functioned to cultivate but also to confound discernment Bellion reveals the equivocal nature of illusion during the early republic mapping its changing forms and functions and uncovers surprising links between early American art culture and citizenship
