Modern Art Journal , **Making Your Art Journal** Suzanne Gallop,2015 Do you keep a journal Not necessarily a diary but a few short words that you keep to remember your

accomplishments and achievements over a given period of time When you recall those accomplishments do you imagine them in color or three dimensional Have you ever considered yourself a creative person We re talking about artistic creativity here not necessarily the abstract Perhaps you have never kept any type of record of your daily thoughts and activities Regardless of what your answers to these questions may be there s a good chance that you are missing out on a great opportunity An opportunity that if you choose to share it later on can sustain you and your family for generations to come Imagine having such a wonderful expression of your life journey What we are referring to is a method to recreate your experiences in a three dimensional format It s about recording your life in bite size pieces that will give more purpose and meaning to your memories Without going into a bunch of boring statistical data science has proven that we learn and remember content based on input that is either auditory visual or tactile It has also been proven that the more of these senses used at any given time the greater we retain the information Creating an artistic journal is one method of preserving your life experience in a way that will reap tangible benefits for years to come An artistic journal can incorporate more of these memories because you can use these three senses in creating the finished product Understanding how this can be accomplished is simple and requires an easy read guide on how to do it That s where we come in Let s explore some ideas here How would you like to learn how to build an artistic journal in just a few short lessons The best way to do that is from someone who already does it We have just the thing for you Our guide It s called Making Your Art Journal Suzanne will take you by the hand and guide you step by step showing you what you need in very simple terms She what you will learn 1 How to unfold your life and ideas starting where you are 2 Discover how to competently gain confidence 3 Power up your knowledge about what to share 4 Unearth the secrets setting up your journal center 6 Educate yourself about how to simply sketch your ideas 7 Acquiring necessary materials 8 Decorating and techniques for your art journal 9 Using color effectively 10 Adding touch and smell
