Traumwelten David Lynch, Kristine McKenna, 2018-06-25 Ein einzigartiger Einblick in das persönliche und kreative Leben des visionären Künstlers David Lynch erzählt von ihm selbst und seinen engsten Kollegen, Freunden und Verwandten. In einer faszinierenden Mischung aus Biografie und Memoire schreibt David Lynch erstmals über seine vielen Kämpfe und auch Niederlagen, wie kompliziert es oft war, seine zahlreichen unorthodoxen Projekte zu verwirklichen. Lynch kommentiert ungefiltert und auf sehr offene Art und Weise die biografischen Ausführungen seiner Co-Autorin Kristine McKenna, die für das Buch über hundert Interviews mit erstaunlich gesprächigen Ex-Frauen, Familienmitgliedern, Schauspielern, Agenten, Musikern und sonstigen Kollegen geführt hat. Traumwelten ist ein besonderes Buch, das dem Leser eine tiefe Einsicht in das Leben und die Gedankenwelt eines der schillerndsten und originellsten Künstler unserer Zeit gewährt. *Gerhard Richter* Robert Storr, Gerhard Richter, 2002 Tour of the exhibition the Museum of Modern Art New York Feb 14 May 21 2002 and others

A Life with Colour Caroline Chanter, 2021-10-28 A Life with Colour is the first complete survey of Gerard Wagner's biography and his artistic intentions, featuring dozens of illustrations and more than 120 colour plates. The life and work of Gerard Wagner 1906-1999 were closely aligned to the artistic spiritual stream connected with the Goetheanum in Dornach, Switzerland. He first heard of the Goetheanum and of its destruction by fire at New Year 1922/23 whilst still a youth. In 1926 he made his first visit to Dornach, but his intended stay of a week turned into a lifelong sojourn of over 73 years. He found there an active, striving community with which he felt intimately connected. From the start Gerard Wagner immersed himself in the various artistic impulses that Rudolf Steiner had instigated. This together with an intensive study of anthroposophy formed the basis upon which he forged his own approach to painting. The many years he spent in colour experimentation led him to discover objective principles within the language of colour and form that are an inspiration to many today. His paintings, first shown at the Goetheanum in the early 1940s, were exhibited internationally, most notably at the Menshikov Palace, Hermitage Museum, St Petersburg, Russia, in 1997. Wagner's whole being bowed before the mystery of colour in a loving, joyful yet serious way, full of devotion and dignity. His life and work itself became a living metaphor of the creative power of colour. Christian Hitsch. Caroline Chanter has not only accomplished a great and seminal study that illuminates the life and work of Gerard Wagner, but has done a great service also to the Goetheanum and its School of Spiritual Science. Peter Selg. Gerard Wagner was a soul which on earth was devoted so selflessly and in such purity to the beings that are revealed in forms and colours. He helped them to utterance and manifestation in this world of ours. Sergei O. Prokofieff. Description *A Socialist Realist History?* Kristina Jöekalda,Krista Kodres,Michaela Marek,2019-06-17 How did the Eastern European and Soviet states write their respective histories of art and architecture during 1940s 1960s The articles address both the Stalinist period and the Khrushchev Thaw when the Marxist Leninist discourse on art history was invented and refined Although this discourse was inevitably Sovietized in a process dictated from Moscow a variety of distinct interpretations emerged from across the Soviet bloc in the light of local traditions cultural politics and decisions of individual authors Even if the new official discourse often left space open for national concerns it also gave rise to a countermovement in response to the aggressive ideologization of art and the preeminence assigned to Socialist Realist aesthetics

Pippin,2013-12-23 In his Berlin lectures on fine art Hegel argued that art involves a unique form of aesthetic intelligibility the expression of a distinct collective self understanding that develops through historical time Hegel s approach to art has been influential in a number of different contexts but in a twist of historical irony Hegel would die just before the most radical

artistic revolution in history modernism In *After the Beautiful* Robert B Pippin looking at modernist paintings by artists such as douard Manet and Paul C zanne through Hegel s lens does what Hegel never had the chance to do While Hegel could never engage modernist painting he did have an understanding of modernity and in it art he famously asserted was a thing of the past no longer an important vehicle of self understanding and no longer an indispensable expression of human meaning Pippin offers a sophisticated exploration of Hegel s position and its implications He also shows that had Hegel known how the social institutions of his day would ultimately fail to achieve his own version of genuine equality a mutuality of recognition he would have had to explore a different new role for art in modernity After laying this groundwork Pippin goes on to illuminate the dimensions of Hegel s aesthetic approach in the path breaking works of Manet the grandfather of modernism drawing on art historians T J Clark and Michael Fried to do so He concludes with a look at C zanne the father of modernism this time as his works illuminate the relationship between Hegel and the philosopher who would challenge Hegel s account of both modernity and art Martin Heidegger Elegantly inter weaving philosophy and art history *After the Beautiful* is a stunning reassessment of the modernist project It gets at the core of the significance of modernism itself and what it means in general for art to have a history Ultimately it is a testament via Hegel to the distinctive philosophical achievements of modernist art in the unsettled tumultuous era we have inherited
