Copyright Office,1972 **Directory of Grants in the Humanities 1999-2000** Oryx Press Staff,Oryx Publishing,1999 This edition contains completely updated facts on more than 3600 funding sources including more than 200 programmes identified for the first time Some of the programmes listed include funding for research travel internships fellowships dissertation support conferences exhibitions and performances primarily in the USA and Canada as well as other countries Among the disciplines covered are literature language history anthropology philosophy ethics religion painting dance photograohy sculpture music drama crafts and folklore *Utopian Reality* Christina Lodder,Maria Kokkori,Maria Mileeva,2013-10-24 This collection of essays deals broadly with the visual and cultural manifestation of utopian aspirations in Russia of the 1920s and 1930s while examining the before and after life of such ideas both geographically and chronologically The studies document the pluralism of Russian and Soviet culture at this time as well as illuminating various cultural strategies adopted by officialdom The result serves to complicate the excessively simplistic narrative that avant

garde dreams were suddenly and brutally crushed by Soviet repression and to contest the notion of the avant garde s complicity in Stalinism Naturally some essays document episodes in the defeat and dismantling of utopian projects but others trace the persistence of avant garde ideas and the astonishing tenacity of creative individuals who managed to retain their personal integrity while continuing to serve the cause of Soviet power Contributors include John E Bowlt Natalia Budanova David Crowley Evgeny Dobrenko Maria Kokkori Christina Lodder Muireann Maguire Nicholas Bueno de Mesquita Maria Mileeva John Milner Nicoletta Misler Maria Starkova Vindman Brandon Taylor and Maria Tsantsanoglou The Standard Periodical Directory ,2001 *Chicago Tribune Index* ,1992 **ARTnews** ,1949 2013 Children's Writer's & Illustrator's Market Chuck Sambuchino,2012-08-24 The Most Trusted Guide to the World of Children s Publishing If you write or illustrate for young readers with the hope of getting published the 2013 Children s Writer s Illustrator s Market is the trusted resource you need Now in its 25th edition CWIM is the definitive publishing guide for anyone who seeks to write or illustrate for kids and young adults Inside you ll find more than 650 listings for children s book markets publishers agents magazines and more including a point of contact how to properly submit your work and what categories they re looking for You ll also find Profiles of debut authors who succeeded as well as interviews with acclaimed novelists such as Garth Nix The Old Kingdom and Seventh Tower series Tamora Pierce Song of the Lioness series and Marissa Meyer Cinder A special roundup with more than 20 SCBWI advisors worldwide who share their best advice on how to get your children s book published and break out In depth articles on topics such as picture book pacing illustration query letters finding and agent social media craft and voice writers conferences and more PLEASE NOTE Free subscriptions are NOT included with the e book edition of this title Web Information Retrieval Stefano Ceri,Alessandro Bozzon,Marco Brambilla,Emanuele Della Valle,Piero Fraternali,Silvia Quarteroni,2013-08-30 With the proliferation of huge amounts of heterogeneous data on the Web the importance of information retrieval IR has grown considerably over the last few years Big players in the computer industry such as Google Microsoft and Yahoo are the primary contributors of technology for fast access to Web based information and searching capabilities are now integrated into most information systems ranging from business management software and customer relationship systems to social networks and mobile phone applications Ceri and his co authors aim at taking their readers from the foundations of modern information retrieval to the most advanced challenges of Web IR To this end their book is divided into three parts The first part addresses the principles of IR and provides a systematic and compact description of basic information retrieval techniques including binary vector space and probabilistic models as well as natural language search processing before focusing on its application to the Web Part two addresses the foundational aspects of Web IR by discussing the general architecture of search engines with a focus on the crawling and indexing processes describing link analysis methods specifically Page Rank and HITS addressing recommendation and diversification and finally presenting advertising in search the main source of revenues for search engines The third and final part describes advanced aspects of

Web search each chapter providing a self contained up to date survey on current Web research directions Topics in this part include meta search and multi domain search semantic search search in the context of multimedia data and crowd search The book is ideally suited to courses on information retrieval as it covers all Web independent foundational aspects Its presentation is self contained and does not require prior background knowledge It can also be used in the context of classic courses on data management allowing the instructor to cover both structured and unstructured data in various formats Its classroom use is facilitated by a set of slides which can be downloaded from [www search computing org](http://www.search.computing.org)
