before *Real Housewives* rags to riches fantasies depicting strong women overcoming tragedy to take charge of their destinies were a big hit with TV audiences. Reflecting the greed is good ethos of the day and encoded with feminist messaging these glitzy often camp stories depicted statuesque superwomen facing off with square jawed men in boardrooms and bedrooms. This book explores the shows that epitomized the prime time soap era and gave us such memorable scenes as Stefanie Powers trading lovers with her twin sister Joan Collins fighting Nazis in haute couture and Phoebe Cates demanding Which one of you bitches is my mother. *Novel Style* Ben Masters, 2017. When Orhan Pamuk won the Nobel Prize for Literature in 2006 he was honored as a builder of bridges across a dangerous chasm. By rendering his Turkish characters and settings familiar where they would otherwise seem troublingly foreign and by speaking freely against his authoritarian state he demonstrated a variety of literary greatness that testified also to the good literature can do in the world. Gloria Fisk challenges this standard for canonization as world literature by showing how poorly it applies to Pamuk. Reading the Turkish novelist as a case study in the ways Western readers expand their reach Fisk traces the terms of his engagement with a literary market dominated by the tastes of its Anglophone publics who received him as a balm for their anxieties about Islamic terrorism and the stratifications of global capitalism. Fisk reads Pamuk's post 9/11 novels as they circulated through this audience as rich in cultural capital as it is far flung in the American English that is global capital's lingua franca. She launches a polemic against Anglophone readers' instrumental use of literature as a source of crosscultural understanding contending that this pervasive way of reading across all manner of borders limits the globality it announces because it serves the interests of the Western cultural and educational institutions that produce it. *Orhan Pamuk and the Good of World Literature* proposes a new way to think about the uneven processes of translation, circulation and judgment that carry contemporary literature to its readers wherever they live. **Stephen King** Bev Vincent, 2022-09-13.
