Art And The Beauty Of God A Christian Understanding Contemporary Christian Insights:

Art and the Beauty of God Richard Harries, 2005-01-01 British bishop argues for a distinctively Christian approach to art

Art and the Beauty of God Richard Harries, 2000-01-01 In recent centuries with the notable exception of Hans Urs von Balthasar Christian theology has failed to find a proper place for beauty The Bishop of Oxford Richard Harries shows how a biblical faith can give a key place to beauty and he argues for a distinctively Christian approach to art that is also sensitive to the spiritual dimension in all art Originally published in 1993 *Art and the Beauty of God* was selected by Anthony Burgess as his book of the year This reprinted edition makes Harries eloquent study available again

Art and the Beauty of God Richard Harries, 2000

Religion and the Arts, 2001 Religion and the Arts is devoted to the study of this rapidly expanding interdisciplinary field It aims among other things to promote the development of discourses for exploring the religious dimensions of the verbal visual and performing arts

A Life Giving Way Esther De Waal, 2006-05-01 Is it surprising that a sixth century monastic text the Rule of St Benedict should be a guide for lay Christians living in today's world In fact the questions which St Benedict had to face are still questions which face us today How do I live with others With the world With myself With God How do I bring balance into my life St Benedict speaks to the heart and this commentary approaches the Rule in a prayerful and reflective way It will help many people who today are seeking a contemplative centre in a busy life St Benedict's writing is steeped in scripture In the Middle Ages his rule was seen as a digest of the Bible It therefore crosses the divides of the church and speaks to Christians of all denominations

The Arts and the Christian Life Earl Davey, 2022-05-09 Many find their engagement with works of art raises questions concerning where value is found and how meaning and import are understood and experienced For persons of Christian faith a parallel question arises concerning the significance such experience holds for the Christian life and the spiritual journey This collection of essays pursues questions that address how we perceive value in our experience of the arts how this experience leads to a greater measure of human fullness and what significance engagement with the arts holds for the Christian life The author argues that human experience and the quality of our personhood are enriched in and through the imaginative life and that our spiritual lives are profoundly impacted by our aesthetic engagements An underlying assumption is that all great art all that is beautiful is inherently religious that is it embodies qualities that reflect the glory of God and is therefore valuable to the Christian life and one's spiritual experience Indeed insofar as the noetic privileges language and reason the arts and the domain of the aesthetic provide an alternate pathway by which we are able to encounter the Divine

Sense and Spirituality James McCullough, 2015-06-02 There is growing interest in the relationship between the arts and Christian faith Much has been written about the arts and theology and the place of the arts in church life Not as much has been written however about how the arts might actually advance spiritual formation in terms of the cumulative effect of religious experience and intentional practices This book provides a modest step forward in that conversation a conversation between

theological aesthetics and practical theology Understanding aesthetics as the realm of sense perception and spiritual formation as growing capacities to participate in God's purposes James McCullough suggests how these dynamics can mutually enhance each other with the arts as an effective catalyst for this relationship McCullough proposes an analysis of artistic communication and explores exciting examples from music poetry and painting which render theoretical proposals in concrete terms This book will engage both those new to the arts and those already deeply familiar with them **The Living Church**, 1945 **Public Life and the Place of the Church** Richard Harries, Michael W. Moule, 2000-11-20 During recent years the Christian church has taken stock of its beliefs In the course of the last century Christian theology has had many challenges to meet and has not remained unchanged by the encounter There have been radical questionings of almost every aspect of doctrine Yet people are more willing now than ever to listen to constructive voices Christians are in search of a way to articulate faith in God Father Son and Holy Spirit hold convictions about the nature of man and his destiny and show the relevance of belief to conduct The author gives a plain and intellectual statement of what faith is and how it can honestly and meaningfully be expressed today
