Art Cultural Heritage And The Law Cases And Materials Law Casebook Series:

Art, Cultural Heritage, and the Law Patty Gerstenblith, 2008 *Art Cultural Heritage and the Law* is one of the first legal casebooks to address the rapidly emerging fields of art and cultural heritage law utilizing an interdisciplinary approach. This book addresses artists' rights, freedom of expression, copyright, moral rights, and rights in architectural works and historic preservation. It covers the functioning of the art market, dealers and auction houses, warranties of quality and authenticity, transfer of title, and recovery of stolen art works. It also covers the role of museums and finally cultural heritage, the fate of art works and cultural objects in time of war, the international trade in art works and cultural objects, the archaeological and underwater heritage of the United States and indigenous cultures, focusing on restitution of Native American cultural objects and human remains and appropriation of indigenous culture. The new edition, available summer 2008, will retain the basic structure of the first edition while updating case law, policies, and events. It will include recent materials and developments such as new cases: *Malevich v City of Amsterdam*, resolution of the Barnes dispute, recent deaccessioning disputes, *Iran v Barakat*, *U.S. v Ligon*, recent restitutions of ancient art works from US museums to Italy and other countries, and new museum policies. There will also be an expansion of treatment of underwater cultural heritage, historic preservation, and archaeological resources. [Art Law](#) Leonard D. DuBoff, Michael D. Murray, 2017-03-29 *Art Law Cases and Materials* Second Edition offers a timely and panoramic view of the entire field of law. Designed as a primary text for courses on Law and the Visual Arts, Cultural Property Law, or Cultural Heritage Law, the three-part framework of this highly readable casebook explores Artists' Rights, Art Markets, and the International Preservation of Art and Cultural Property. [Yearbook of Cultural Property Law 2007](#) Sherry Hutt, David Tarler, 2016-12-05 The *Yearbooks of Cultural Property Law* provide the key up-to-date information and analyses that keep heritage professionals, lawyers, and land managers abreast of current legal practice, including summaries of notable court cases, settlements, and other dispositions, legislation, government regulations, policies, and agency decisions. Interviews with key figures, refereed research articles, think pieces, and a substantial resources section round out each volume. Thoughtful analyses and useful information from leading practitioners in the diverse field of cultural property law will assist government land managers, state, tribal, and museum officials, attorneys, anthropologists, archaeologists, public historians, and others to better preserve, protect, and manage cultural property in domestic and international venues. In addition to eight practice area sections: federal land management, state and local tribes, tribal lands, and Indian arts, marine environment, museums, art market, international enforcement, actions, the 2009 volume features an interview with an important figure in the field and original articles on new ICOMOS rules on dispute resolution, Section 47 of the Internal Revenue Code, risk and fair market value of antiquities, the visual artists' rights act, and religious free exercise and historic preservation. All royalties are donated to the Lawyer's Committee on Cultural Heritage Preservation. **Current Publications in Legal and Related Fields**, 2008 **Books in Series**, 1980 [Catalog of Copyright Entries.
