Arthur And The Lost Kingdoms:

Arthur and the Lost Kingdoms Alistair Moffat, 2012-11-01 The Holy Grail the kingdom of Camelot The Knights of the Round Table and the magical sword Excalibur are all key ingredients of the legends surrounding King Arthur But who was he really where did he come from and how much of what we read about him in stories that date back to the Dark Ages is true So far historians have failed to show that King Arthur really existed at all for a good reason they have been looking in the wrong place In this fascinating and thought provoking book Alistair Moffat shatters all existing assumptions about Britain's most enigmatic hero With reference to literary sources and historical documents to archaeology and the ancient names of rivers hills and forts he strips away a thousand years of myth to unveil the real King Arthur And in doing so he solves one of the greatest riddles of them all the site of Camelot itself
