About Face Anne Burt, Christina Baker Kline, 2008-05-27 Distinctive and unique facial appearance is hugely important in every encounter we will ever have From the concept of beauty to the social ill of discrimination the importance of the face in our interpersonal interactions is certainly known But have you ever thought about the role your face plays in your day to day life or the way your face may have determined the outcome of an incident from your past In About Face twenty five writers tackle this question each using the same simple framework of an opening paragraph that objectively considers what they see when they look in the mirror Each writer then details an experience that transpired in one way or another because of the face they live with a feature that belies a woman's heritage a scar that serves as a daily reminder of a childhood tragedy an unwanted change due to sun exposure or smoking or drinking Since we live our entire lives behind our faces About Face presents a challenge to consider exploring our experiences from a vantage point we simply don't have access to This collection uncovers surprising outcomes and truly unique observations about internal experiences as witnessed from the writers external points of view Library Journal Melvil Dewey, Richard Rogers Bowker, L.
