The polarizing literary debut by Scottish author Ian Banks *The Wasp Factory* is the bizarre imaginative disturbing and darkly comic look into the mind of a child psychopath Meet Frank Cauldhame Just sixteen and unconventional to say the least Two years after I killed Blyth I murdered my young brother Paul for quite different and more fundamental reasons than I d disposed of Blyth and then a year after that I did for my young cousin Esmerelda more or less on a whim That s my score to date Three I haven t killed anybody for years and don t intend to ever again It was just a stage I was going through     **Iain Banks' The Wasp Factory, The Crow Road and Whit** Alan MacGillivray,2001 The SCOTNOTES booklets are a series of study guides to major Scottish writers and texts frequently used within literature courses aimed at senior secondary school pupils and students in further education This title covers three novels by Iain Banks     *The Wasp Factory* Iain Banks,1998

based on late Middle Ages Europe It alternates chapter by chapter between two concurrent storylines The first storyline is presented as a written account from Oelph publicly a doctor's assistant but privately a spy for an individual identified only as Master to whom much of the account is addressed Oelph is the assistant to Vosill the personal doctor to King Quience of Haspidus and a woman The latter is unheard of in the patriarchal kingdom and is tolerated only because Vosill claims citizenship in the far off country of Drezen The King himself is appreciative of her and her talents but nonetheless her elevated position in defiance of the kingdom's social mores inspires hostility among others of the court Oelph's account follows Vosill as she attends to the King regularly as well as more charitable ministrations to the impoverished and those in need Her methods are unconventional by kingdom standards for example

*Ethically Speaking* James McGonigal, Kirsten Stirling, 2006 As politics and cultures interact within an increasingly diverse Scotland and differences in values become more evident across generations the need for clear understanding and cooperation within and between communities becomes a pressing issue This relates both to local and larger concerns language violence morality gender and sexuality education ethnicity truth and lies The chapters gathered here focus on significant Scottish writers of the late twentieth and early twenty first centuries Edwin Morgan A L Kennedy Liz Lochhead John Burnside Jackie Kay Robin Jenkins Muriel Spark William McIlvanney Ali Smith James Kelman and others and the communities described are certainly Scottish but the issues raised are universal Questions are asked about the relationship of the individual to others and therefore on a larger scale about the means through which any community is both constructed and sustained linguistically spiritually ethically If their multiple voices evoke a zigzag of contradictions it is at any rate a creative zigzag which discovers or uncovers many contradictory aspects of life in modern Scotland that should particularly be brought to light in a re emergent nation Ethically speaking Scottish writers point out the need to attend to many different narratives and retellings in order that Scots might live more honestly and clear sightedly with themselves and with the wider world
