## **Vreme Smrti Knjiga IV By Dobrica Cosic:**

**Writing the Great War** Christoph Cornelissen, Arndt Weinrich, 2022-11-11 From the Treaty of Versailles to the 2018 centenary and beyond the history of the First World War has been continually written and rewritten studied and contested producing a rich historiography shaped by the social and cultural circumstances of its creation Writing the Great War provides a groundbreaking survey of this vast body of work assembling contributions on a variety of national and regional historiographies from some of the most prominent scholars in the field By analyzing perceptions of the war in contexts ranging from Nazi Germany to India's struggle for independence this is an illuminating collective study of the complex interplay of memory and history *Saviours of the Nation?* Jasna Dragović-Soso, 2002 Yugoslavia's breakup in 1991 and the wars in Croatia Bosnia and Kosovo that followed in its wake have been widely blamed on Serbian nationalism Most analyses have not examined this nationalism in the years before Slobodan Milošević's rise to power when its principal articulators were dissident intellectuals This book traces the trajectory of intellectual opposition to Serbian nationalism from its origins in the 1950s to its consolidation in the 1980s arguing that the acceptance of Milošević's undemocratic approach to the national question undermined the intellectual opposition's ability to present a convincing political alternative and was crucial in allowing the regime to continue book cover **History of the Literary Cultures of East-Central Europe** Marcel Cornis-Pope, John Neubauer, 2004-01-01 Continuing the work undertaken in Vol 1 of the History of the Literary Cultures of East Central Europe Vol 2 considers various topographic sites multicultural cities border areas cross cultural corridors multiethnic regions that cut across national boundaries rendering them permeable to the flow of hybrid cultural messages By focusing on the literary cultures of specific geographical locations this volume intends to put into practice a new type of comparative study Traditional comparative literary studies establish transnational comparisons and contrasts but thereby reconfirm however Titoism, Self-Determination, Nationalism, Cultural Memory Gorana Ognjenović, Jasna Jozelić, 2016-06-28 This volume provides a more detailed picture which might surprise those who thought they knew everything about Yugoslavia as well as we are hoping to inspire others to read more about this historically social experiment that against all odds actually did exist and prospered for a while in the midst of the spider's web of the global political chaos which lasts still today Contributors cover a range of topics including absolute modernity film and the preservation and creation of memory through clothing among others **After Memory** Matthias Schwartz, Nina Weller, Heike Winkel, 2021-06-08 Even seventy five years after the end of World War II the commemorative cultures surrounding the War and the Holocaust in Central Eastern and South Eastern Europe are anything but fixed The fierce debates on how to deal with the past among the newly constituted nation states in these regions have already received much attention by scholars in cultural and memory studies The present volume posits that literature as a medium can help us understand the shifting attitudes towards World War II and the Holocaust in post Communist Europe in recent years These shifts point to new commemorative cultures shaping up

after memory Contemporary literary representations of World War II and the Holocaust in Eastern Europe do not merely extend or replace older practices of remembrance and testimony but reflect on these now defunct or superseded narratives New narratives of remembrance are conditioned by a fundamentally new social and political context one that emerged from the devaluation of socialist commemorative rituals and as a response to the loss of private and family memory narratives The volume offers insights into the diverse literatures of Eastern Europe and their ways of depicting the area s contested heritage

**A Cultural History of Serbia** David A. Norris, 2024-03-05 This volume focuses on Serbia s need to manage change while preserving community identities a narrative that avoids the common depiction of Serbian culture as a hostile struggle between modernizers supporting foreign models and traditionalists advocating forms of national cultural patrimony Traditions only function if they are allowed to bend to the necessary modifications demanded by a community s changing historical circumstances Tradition and change are two sides of the same coin which Serbia in its many different incarnations has experienced over the centuries protecting its national heritage while borrowing and adapting intellectual and other trends from Byzantine Ottoman and Western sources Outside influences have been imposed as a direct result of foreign rule or through more friendly channels of communication leading to a complex relationship between autochthonous and alien elements in Serbian society and culture This book argues that the division between the national and international frameworks has often been a false dichotomy with outside features embedded in domestic symbolic capital and Serbian culture simultaneously determined on local national regional and global levels David A Norris s approach offers a new perspective to students academics and general readers interested in the history of Serbia s participation in the broad networks of cultural exchange

*Balkan Babel* Sabrina Ramet, 1999-09-02 The third edition of this critically acclaimed work includes three new chapters and a new epilogue as well as revisions throughout the book Sabrina Ramet a veteran observer of the Yugoslav scene traces the steady deterioration of Yugoslavia s political and social fabric in the years since 1980 arguing that whatever the complications entailed in the national question the final crisis was triggered by economic deterioration shaped by the federal system itself and pushed forward toward war by Serbian politicians bent on power either within a centralized Yugoslavia or within an ethnically cleansed Greater Serbia The book sheds light on the contributions made by Croatian naivete and Western diplomatic bungling to the tragedy in Bosnia discusses the course of the Serbian Insurrectionary War in both Croatia and Bosnia and devotes a chapter to examining the separate paths of Slovenia and Macedonia before turning to an assessment of the record in post Dayton Bosnia and Serb Albanian frictions in Kosov during 1989 98 Chapters on the primary religious associations and on the rock scene help to set the political developments in perspective With her detailed knowledge of the organic connections between politics culture and religion Ramet paints a strikingly original picture of Yugoslavia s demise and the emergence of the Yugoslav successor states

**Umbruch und Identitätszerfall** Emilija Mančić, 2012 Hauptbeschreibung Dem vorliegenden Werk liegt die Auffassung zugrunde dass

Fragen von Kultur Identität und Geschichte als wechselseitige Entwicklungs und Konstruktionsmomente im transnationalen und transregionalen Zusammenhang begriffen werden können Das Buch analysiert die deutsche Romantik als Anreger der europäischen Romantik und ihr Verhältnis zu den Identitätsnarrationen die nach dem revolutionären Umbruch von 1789 ein spezifisches Identitätskonzept geformt haben sowie dessen Rezeption und weitere Entwicklung in der Region des ehemaligen Jugoslawiens Die Analyse verbindet Balkan Babel Sabrina P. Ramet, 1996-02 Deals with the major strategic issues confronting the US in the post Cold War era with an emphasis on the future role of aerospace power and outlines current political and economic trends as factors in a US grand strategy for the new era Assesses geopolitical trends in various regions of the world and discusses alternative strategies and their implications for global stability and the preservation of the current US position of preeminence Of interest to readers in politics economy political science and military studies No index c Book News Inc **Peace Studies** Matthew Evangelista, 2005 The academic field of Peace Studies emerged during the Cold War to address the nature and sources of interstate and internal conflict and methods to prevent it and deal with its consequences The War in Croatia and Bosnia-Herzegovina 1991-1995 Branka Magas, Ivo Zanic, 2013-09-05 This work provides an understanding of the wars in Croatia and Bosnia Herzegovina These two interdependent wars were the greatest armed conflicts in Europe in the second half of the 20th century This work provides an analysis of their successes and failures *Proximity and Distance* Romain Fathi, Emily Robertson, 2020-04-28 The global magnitude of World War I has meant that proximity and distance were highly influential in the ways the conflict was conducted and how it was experienced at tactical political and emotional levels This book explores how participants and observers in World War I negotiated the temporal and spatial challenges of the conflict International in scope it investigates how technology mass media elite diplomacy and imperial networks interacted in conjunction with proximity and distance The authors canvass a range of approaches to the conflict from cultural history to social political and military history Proximity and distance were contingencies that participants had to continually adapt to This book documents the ways in which these adaptations were approached **Yugoslav Literature in English** Vasa D.
