In The Call of the Wild we follow a dog's journey from domestication to wilderness but in White Fang we see the opposite a wild wolf dog captured by men and eventually domesticated. White Fang's journey isn't an easy one both the wild and civilization have their share of brutal violence. But he eventually seems happy in a home with a loving family. When read side by side with The Call of the Wild White Fang poses an interesting question is wilderness really an improvement over civilization.
