E. McMillan, 2011-12-05 The hajj the fifth pillar of Islam is a religious duty to be performed once in a lifetime by all Muslims who are able The Prophet Muhammad set out the rituals of hajj when he led what became known as the Farewell Hajj in 10 AH 632AD This set the seal on Muhammad s career as the founder of a religion and the leader of a political entity

based on that religion The convergence of the Prophet with the politician infuses the hajj with political as well as religious significance For the caliphs who led the Islamic community after Muhammad s death leadership of the hajj became a position of enormous political relevance as it presented them with an unrivalled opportunity to proclaim their pious credentials and reinforce their political legitimacy Exhaustively researched The Meaning of Mecca is the first study to analyse the leadership of the hajj in the formative and medieval periods and to assess the political subtext of Islam s most high profile religious ritual
