The Time Of The Assassins A Study Of Rimbaud By Henry Miller

Annette Baxter

The Time Of The Assassins A Study Of Rimbaud By Henry Miller:

The Time of the Assassins Henry Miller, 1962 This study is not literary criticism but a fascinating chapter in Miller's own spiritual autobiography The social function of the creative personality is a recurrent theme with Henry Miller and this book is perhaps his most poignant and concentrated analysis of the artist's dilemma *The Time of the Assassins* Henry V.

Miller, 2003-01 **On Henry Miller** John Burnside, 2018-03-27 An engaging invitation to rediscover Henry Miller and to learn how his anarchist sensibility can help us escape the air conditioned nightmare of the modern world The American writer Henry Miller's critical reputation if not his popular readership has been in eclipse at least since Kate Millett's blistering critique in *Sexual Politics* her landmark 1970 study of misogyny in literature and art Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's sex books including *The Rosy Crucifixion* *Tropic of Cancer* and *Tropic of Capricorn* boring and embarrassing But Burnside says that Miller's notorious image as a pornographer and woman hater has hidden his vital true importance his anarchist sensibility and the way it shows us how by fleeing from conformity of all kinds we may be able to save ourselves from the air conditioned nightmare of the modern world Miller wrote that there is no salvation in becoming adapted to a world which is crazy and in this short engaging and personal book Burnside shows how Miller teaches us to become less adapted to the world to resist a life sentence to the prison of social intellectual emotional and material conditioning Exploring the full range of Miller's work and giving special attention to *The Air Conditioned Nightmare* and *The Colossus of Maroussi* Burnside shows how with humor and wisdom Miller illuminates the misunderstood tradition of anarchist thought Along the way Burnside reflects on Rimbaud's enormous influence on Miller as well as on how Rimbaud and Miller have influenced his own writing An unconventional and appealing account of an unjustly neglected writer *On Henry Miller* restores to us a figure whose searing criticism of the modern world has never been more relevant

The Time of the Assassins Henry Miller, 1956 *Henry Miller* Annette Baxter, 2010-11-23 In 1934 the city of Paris saw the birth of a book published in English which achieved instantaneous notoriety Henry Miller's *Tropic of Cancer* unfolded the adventures of a loquacious free wheeling appallingly uninhibited American expatriate But the rollicking eloquence determined gusto and explosive imagery of this modern Rabelais barely concealed the figure of a lonely American writer thoroughly immersed in a legendary American situation from the Introduction Baxter examines Miller's relationship with his native land and with Europe through his writings and in the comments of his critics and friends navigating through the inconsistencies and the evolution of his opinions as his experiences changed Her insights offer a complex nuanced evaluation of Miller as writer and as expatriate **Henry Miller and How He Got That Way** Katy Masuga, 2011-02-23 Brings Henry Miller back to the critical attention that his work deserves as well as making an original contribution to literary discussion on intertextuality Henry Miller and Religion Thomas Nesbit, 2012-12-06 This study argues that this previously banned author devoted his entire life to articulating a religion of self liberation in his autobiographical books examining his life and work

within the context of fringe religious movements that were linked with the avant garde in New York City and Paris at the first of the 20th century This study shows how these transatlantic movements including Gurdjieff Rosicrucianism and Theosophy gave him the hermeneutical devices not to mention the creative license to interpret texts and symbols from mainline religions in an iconoclastic manner ranging from obscure Taoist treatises to the mystical works of Jacob Boehme The influence of numerous philosophical sources widely circulated in his most critical years particularly Henri Bergson s *Two Sources of Morality and Religion* 1932 also helped him develop a religious view situated between transcendence and immanence in which self liberation through the channeled flow of *lan vital* is the chief objective Miller s knowledge of these intellectual currents along with his involvement with sidestream religious groups inspired him to meld his religious and literary aims into one perplexing project

The Unknown Henry Miller Arthur Hoyle, 2016-08-02 Henry Miller was one of the most distinctive voices in twentieth century literature yet he remains misunderstood Better known in Europe than in his native America for most of his career he achieved international success and celebrity during the 1960s when his banned Paris books beginning with *Tropic of Cancer* were published here and judged by the Supreme Court not to be obscene *The Unknown Henry Miller* recounts Miller s career from its beginnings in Paris in the 1930s but focuses on his years living in Big Sur California from 1944 to 1961 during which he wrote many of his most important books including *The Rosy Crucifixion* trilogy married and divorced twice raised two children painted watercolors and tried to live out a credo of self realization Written with the cooperation of the Henry Miller and Ana s Nin estates *The Unknown Henry Miller* draws on material previously unavailable to biographers including interviews with Lepska Warren Miller s third wife Behind the bad boy image Arthur Hoyle finds a man whose challenge of literary sexual taboos was part of a broader assault on the dehumanization of man and commercialization during the postwar years and he makes the case for restoring this groundbreaking writer to his rightful place in the American literary canon Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

Henry Miller Lawrence J. Shifreen, 1979 No descriptive material is available for this title

[Henry Miller and Modernism](#) Finn Jensen, 2019-12-04 *Henry Miller and Modernism* The Years in Paris 1930 1939 represents a major reevaluation of Henry Miller focusing on the Paris texts from 1930 to 1939 Finn Jensen analyzes Miller in the light of European modernism in particular considering the many impulses Miller received in Paris Jensen draws on theories of urban modernity to connect Miller s narratives of a male protagonist alone in a modern

metropolis with his time in Paris where he experienced a self discovery as a writer The book highlights several sources of inspiration for Miller including Nietzsche Rimbaud Hamsun Strindberg and the American Transcendentalists Jensen considers the key movements of modernity and analyzes their importance for Miller studying Eschatology the Avant Garde Dada Surrealism Expressionism and Anarchism Anti-Humanism in the Counterculture Guy Stevenson,2020-10-21 This book offers a radical new reading of the 1950s and 60s American literary counterculture Associated nostalgically with freedom of expression romanticism humanist ideals and progressive politics the period was steeped too in opposite ideas ideas that doubted human perfectibility spurned the majority for a spiritually elect few and had their roots in earlier politically reactionary avant gardes Through case studies of icons in the counterculture the controversial sexual revolutionary Henry Miller Beat Generation writers Jack Kerouac Allen Ginsberg and William S Burroughs and self proclaimed philosopher of hip Norman Mailer Guy Stevenson explores a set of paradoxes at its centre between romantic optimism and modernist pessimism between brutal rhetoric and emancipatory desires and between social egalitarianism and spiritual elitism Such paradoxes Stevenson argues help explain the cultural and political worlds these writers shaped in their time and beyond

Rimbaud in Java Jamie James,2011 At eighteen the French poet Rimbaud proclaimed My day is done I m leaving Europe The sea air will burn my lungs lost climes will tan my skin Three years later in 1876 he joined the Royal Army of the Dutch Indies and sailed for Java where he promptly deserted and fled into the jungle *The Art of Hunger* Alys Moody,2018 When we think of writers today we often think of them as thin and poor as starving artists This book traces the history of this idea and asks why hunger has been such a compelling metaphor for thinking about writing in modern times Devouring Time Todd Goddard,2025-11-04 Devouring Time is the definitive biography of Jim Harrison one of America s most beloved writers and a penetrating deep dive into the life of the talent behind Legends of the Fall Dalva and True North Jim Harrison 1937 2016 was widely considered one of the finest voices of his generation His twenty one books of fiction and fourteen books of poetry influenced a generation of writers Harrison helped to shape the course of contemporary American literature revitalizing in particular the novella form of which he was a recognized master Harrison s literary achievements were matched only by the literary persona that he cultivated during a fecund time in American letters and in the company of a remarkable cohort of friends writers actors and artists including Thomas McGuane Peter Matthiessen Jimmy Buffett and Jack Nicholson His articles for such magazines as Sports Illustrated Playboy Esquire and Outside in the 1970s won him a loyal readership who reveled in his high spirits and prodigious appetites For all his notoriety as a writer of prose however poetry remained his first and longest abiding love He cherished his geographic remoteness from what he called the dream coasts of New York City and Los Angeles preferring to hunt fish and drink in the backwoods bars of Michigan Arizona and Montana Based on more than one hundred original interviews and drawing upon Harrison s collected papers Devouring Time is the first and only literary biography of this beloved author whose playful irreverent and spiritual work continues to find and

delight new readers **Critical Essays on Henry Miller** Ronald Gottesman,1992 A comprehensive collection of essays on the great modern American writer 1891 1980 containing both early reviews and a selection of the more modern scholarship Among the authors of reprinted articles and reviews are Kate Millet Lawrence Durrell Ezra Pound Edmund Wilson and Erica Jong In addition to the introduction there are also four essays specially commissioned for this volume as well as new tribute statements by I B Singer Jerzy Kosinski Robert Creeley and others Annotation copyright by Book News Inc Portland OR **A Companion to Pablo Neruda** Jason Wilson,2014-08 Pablo Neruda was without doubt one of the greatest poets of the twentieth century but his work is extremely uneven There is a view that there are two Nerudas an early Romantic visionary and a later Marxist populist who denied his earlier poetic self By focussing on the poet s apprenticeship and by looking closely at how Neruda created his poetic persona within his poems this Companion tries to establish what should survive of his massive output By seeing his early work as self exploration through metaphor and sound as well as through varieties of love and direct experience the Companion outlines a unity behind all the work based on voice and a public self Neruda s debt to reading and books is studied in depth and the change in poetics re examined by concentrating on the early work up to *Residencia en la tierra* I and II and why he wanted to become a poet Debate about quality and representativity is grounded in his Romantic thinking sensibility and sincerity Unlike a Borges or a Paz who accompanied their creative work with analytical essays Neruda distilled all his experiences into his poems which remain his true biography Jason Wilson is Professor Emeritus in the Department of Spanish and Latin American Studies University College London **Marshall McLuhan and Northrop Frye** B.W. Powe,2014-01-01 Marshall McLuhan and Northrop Frye are two of Canada s central cultural figures colleagues and rivals whose careers unfolded in curious harmony even as their intellectual engagement was antagonistic Poet novelist essayist and philosopher B W Powe who studied with both of these formidable and influential intellectuals presents an exploration of their lives and work in *Marshall McLuhan and Northrop Frye Apocalypse and Alchemy* Powe considers the existence of a unique visionary tradition of Canadian humanism and argues that McLuhan and Frye represent fraught but complementary approaches to the study of literature and to the broader engagement with culture Examining their eloquent but often acid responses to each other Powe exposes the scholarly controversies and personal conflicts that erupted between them and notably the great commonalities in their writing and biographies Using interviews letters notebooks and their published texts Powe offers a new alchemy of their thought in which he combines the philosophical hallmarks of McLuhan s *The medium is the message* and Frye s *the great code* **Realism, Naturalism & Symbolism: Modes of Thought & Expression in Europe, 1848-1914** NA NA,2016-01-09 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1957 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December *The Poetics of Indeterminacy* Marjorie Perloff,1999 She traces this tradition from its early French connection in the poetry of Rimbaud and Apollinaire as well as in Cubist Dada and early Surrealist painting through

its various manifestations in the work of Gertrude Stein William Carlos Williams and Ezra Pound to such postmodern landscapes without depth as the French English language constructions of Samuel Beckett the elusive dreamscapes of John Ashbery and the performance works of David Antin and John Cage
