The Roots Of Obamas Rage By Dinesh Dsouza:

The Roots of Obama's Rage Dinesh D'Souza, 2010-09-27 Critics of President Obama have attacked him as a socialist an African American radical a big government liberal But somehow the critics have failed to reveal what s truly driving Barack Obama Now bestselling author Dinesh D Souza throws out these misplaced attacks in his new book *The Roots of Obama s Rage* The reason explains D Souza that Obama appears to be working to destroy America from within is found as Obama himself admits in *The Dreams of His Father* a deeply hostile anti colonialism Instilled in him by his father this worldview has led President Obama to resent America and everything for which we stand *Obama's America* Dinesh D'Souza, 2014-07 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy **The Making of Barack Obama** Matthew Abraham, Erec Smith, 2013-10-01 *The Making of Barack Obama* The Politics of Persuasion provides the first comprehensive treatment of why Obama s rhetorical strategies were so effective during the 2008 presidential campaign during the first four years of his presidency and once again during the 2012 presidential campaign **American Exceptionalism in the Age of Obama** Stephen Brooks, 2013 The election of President Obama in 2008 and the apparent decline of American power in the world has rekindled an old and important debate Is the United States exceptional in its values and institutions as well as in the role that it is destined to play in world affairs In this book Stephen Brooks argues that American exceptionalism has been and continues to be real In making this argument he focuses on five aspects of American politics and society that are most crucial to an understanding of American exceptionalism today They include the appropriate relationship between the state and citizens religion socio economic mobility America s role in the world and ideas about the Constitution American exceptionalism matters in domestic politics chiefly as a political narrative around which support for and opposition to certain policies values and vision of American society coalesce But in world affairs it is not the story but the empirical reality of American exceptionalism that matters Although the long era of America s global economic dominance has entered what might be called a period of diminished expectations the United States remains exceptional the indispensable nation in world affairs and is likely to remain so for many years to come A History of Prejudice Gyanendra Pandey, 2013-03-25 This is a book about prejudice and democracy and the prejudice of democracy In comparing the historical struggles of two geographically disparate populations Indian Dalits once known as Untouchables and African Americans Gyanendra Pandey the leading subaltern historian examines the multiple dimensions of prejudice in two of the world s leading democracies The juxtaposition of two very different locations and histories and within each of them of varying public and private narratives of struggle allows for an uncommon analysis of the limits of citizenship in modern societies and states Pandey with his characteristic delicacy probes the histories of his protagonists to uncover a shadowy world where intolerance and discrimination are part of both public and private lives This unusual and sobering book

is revelatory in its exploration of the contradictory history of promise and denial that is common to the official narratives of nations such as India and the United States and the ideologies of many opposition movements , Barack Obama and Leadership Joseph Andrews,2012-07 How Did Barack Obama So Quickly Squander the Goodwill of the Nation and the World In Barack Obama and Leadership 10 Reasons the 44th President Squandered Unprecedented Goodwill Joseph Andrews offers an insightful scholarly response to this question citing poignant facts statistics and incisive documentation Andrews details both Barack Obama s election due to a campaign that promised hope and change as well as a presidency that delivered little change and left the hopes of far too many Americans unrealized Andrews pinpoints ten reasons why the Obama presidency has proven ineffective and deflated the confidence of the American people Executive Inexperience Lack of Appropriate Mentoring Questionable Integrity Misunderstood Mandate Aversion to Values Weak Governing Philosophy and more Strong leadership on the part of the President of the United States is important to Americans Barack Obama and Leadership 10 Reasons the 44th President Squandered Unprecedented Goodwill paints a revealing portrait of a president whose weakness and shortcomings not only cost him the faith and goodwill of the nation but of the world as well In these pages find an engaging read that shines a revealing light on the shaping influences defining decisions actions policies and ultimately the legacy of President Barack Obama Joseph Andrews is an alumnus of Jerry Jenkins Christian Writers Guild and a member of the Christian Authors Guild Woodstock Georgia He is a member of the general leadership of World Outreach Missions WOM a globally oriented leadership and missions ministry in Lawrenceville Georgia He has an executive background in both human resource management and marketing As a leadership resource person his interests are in transformational leadership and the principles that engender this in organizations and societies He lives in Lawrenceville Georgia with his wife Magdalene and their two children Joshua and Abigail *Barack Obama's Promised Land* Jack Cashill,2021-07-06 In his introduction to the world at the 2004 Democratic National Convention then state senator Barack Obama insisted There is not a liberal America and a conservative America there is the United States of America There is not a Black America and a White America and Latino America and Asian America there s the United States of America But as his latest memoir A Promised Land makes clear Obama inhabits a smug elite liberal America in which conservatives are not welcome Indeed from Obama s perspective their every thought gesture and vote is insincere and likely racist Although the Obama memoir is obsessed with race Obama as president and as writer has refused to address the one problem he knew to be at the heart of America s racial divide the disintegration of the black family While Obama and his peers have profited from the opportunities America offers his lack of courage has doomed the black inner city to another generation of crime drugs and educational failure To divert attention from his own failure Obama has cast the right as the other in his ongoing melodrama driving a wedge between black and white that will take generations to heal **The Obama Presidency and the Politics of Change** Edward Ashbee,John Dumbrell,2016-11-09 This edited volume considers the extent to which the Obama presidency matched the

promises of hope and change that were held out in the 2008 election Contributors assess the character of change and within this context survey the extent to which there was enduring change within particular policy areas both domestic and foreign The authors combine empirical detail with more speculative assessment of the limits and possibilities of change amidst a very dense institutional landscape and in an era of intense political polarization Some see significant changes the full consequences of which may only be evident in later years Other authors in the collection present a markedly different picture and suggest that processes of change were not only limited and partial but at times leading the US in directions far removed from the promises of 2008 The book will make an important contribution to the debates about the Obama legacy

Overcoming Orientalism Tamara Sonn,2021 Since John Esposito published his first book nearly 40 years ago he has been guiding readers beyond misleading and dangerous stereotypes of Muslims The essays in this volume highlights the contributions of scholars from a variety of disciplines who like Esposito present Islam as a multi faceted and dynamic tradition embraced by communities in globally interconnected but substantially diverse contexts over the centuries Why the Right Went Wrong E.J. Dionne,2016-09-06 With a new postscript on the 2016 presidential primaries this is the story behind today s headlines In an absorbing narrative E J Dionne Jr illuminates the history of Republican politics from the Barry Goldwater era through the Reagan Revolution to the crisis of the 2016 presidential election With that perspective and contemporary reporting he explains the unrest and discontent on the Right and the Republican Party s bitter civil war while illustrating why a radicalized conservatism has made governing our country so difficult back cover The Everything Bagel with a Side of Milk and Honey Sandra Henley,2017-08-09 Are you concerned or curious about current world events If so between the covers of The Everything Bagel readers will relish greater insight into mysteries concealed but revealed unto to those who seek God s knowledge and wisdom The author provides a panoramic view from eternity past where God spoke in a heavenly language bringing forth the invisible particulates of creation into existence and capsulizing over six thousand years of history into the twenty first century No need to buy numerous books dealing with one subject when readers will enjoy a treasure of nuggets in The Everything Bagel This book provides a summary of biblical history marrying the scriptures together with world events allowing for an overview of all things Yahweh Satan s diabolical plan is exposed from its inception and his obsession with destroying God s future kingdom upon the earth It is important to highlight the journey of the Hebrew Israelites and the fulfillment of Messiah coming through the tribe of Judah Traversing through Bible prophecies readers will better comprehend the machinations of the one world order cabal operating through secret societies false religions wealthy overlords and corrupt nations The book of Revelation is pivotal in these last days spotlighting the time frame for the war of Gog and Magog the building of the third temple in Israel and paving the way for Antichrist and the false prophet The world is standing at the precipice of the seven year tribulation period The redeemed of God will embrace their Sabbath rest in a land of milk and honey It is our greatest desire that the contents of this book will open the eyes of the sleeping masses and be a

beacon of hope in these perilous times Intellectual Resistance and the Struggle for Palestine M. Abraham,2014-08-07 By positioning the late Edward Said's political interventions as a public intellectual on behalf of Palestinian populations living under Israeli occupation as a form of intellectual resistance Abraham moves to consider forms of physical resistance seeking to better understand the motivations of those who choose to turn their bodies into weapons **Documenting the Black Experience** Novotny Lawrence,2014-11-19 History taught at the elementary middle high school and even college levels often excludes significant events from African American history such as the murder of Emmett Till or the murder of four black girls by the Ku Klux Klan in the Sixteenth Street Baptist Church bombing in Birmingham Such events are integral parts of history that continue to inform America's racial politics Their exclusion is a problem that this work addresses by bringing more visibility to documentary films focusing on the events Books treating the history of documentary films follow a similar pattern omitting the efforts of filmmakers who have continued to focus on African American history This book works to make documentary discourse more complete bringing attention to films that cover the African American experience in four areas civil rights sports electronic media and the contemporary black struggle demonstrating how the issues continue to inform America's racial politics *The Communist* Paul Kengor,2012-07-17 I admire Russia for wiping out an economic system which permitted a handful of rich to exploit and beat gold from the millions of plain people As one who believes in freedom and democracy for all I honor the Red nation FRANK MARSHALL DAVIS 1947 In his memoir Barack Obama omits the full name of his mentor simply calling him Frank Now the truth is out Never has a figure as deeply troubling and controversial as Frank Marshall Davis had such an impact on the development of an American president Although other radical influences on Obama from Jeremiah Wright to Bill Ayers have been scrutinized the public knows little about Davis a card carrying member of the Communist Party USA cited by the Associated Press as an important influence on Obama one whom he looked to not merely for advice on living but as a father figure Aided by access to explosive declassified FBI files Soviet archives and Davis's original newspaper columns Paul Kengor explores how Obama sought out Davis and how Davis found in Obama an impressionable young man one susceptible to Davis's worldview that opposed American policy and traditional values while praising communist regimes Kengor sees remnants of this worldview in Obama's early life and even ultimately his presidency Is Obama working to fulfill the dreams of Frank Marshall Davis That question has been impossible to answer since Davis's writings and relationship with Obama have either been deliberately obscured or dismissed as irrelevant With Paul Kengor's *The Communist* Americans can finally weigh the evidence and decide for themselves **The Iconic Obama, 2007-2009** Nicholas A. Yanes,Derrais Carter,2014-01-10 How is Barack Obama represented in popular culture More than the United States 44th president he is also a lens through which we can examine politics art comics and music in various contexts The essays in this collection focus on the buildup to the 2008 election as well as Obama's first year as president a brief historical moment in which Obama was synonymous with possibility The contributors represent a variety of scholarly fields such as film

journalism mass communication popular culture and African American studies each adding a unique perspective on Obama's relationship to American culture
