**Routledge Companion to Theatre-Fiction** Graham Wolfe, 2023-11-14 Novelists have long been attracted to theatre. Some have pursued success on the stage but many have sought to combine these worlds entering theatre through their fiction setting stages on their novels pages and casting actors directors and playwrights as their protagonists. The Routledge Companion to Theatre Fiction has convened an international community of scholars to explore the remarkable array of novelists from many eras and parts of the world who have created fiction from the stuff of theatre asking what happens to theatre on the pages of novels and what happens to novels when they collaborate with theatre. From J W Goethe to Louisa May Alcott Mikhail Bulgakov Virginia Woolf and Margaret Atwood some of history's most influential novelists have written theatre fiction and this Companion discusses many of these figures from new angles. But it also spotlights writers who have received less critical attention such as Dorothy Leighton Agustín de Rojas Villandrando Ronald Firbank Syed Mustafa Siraj Li Yu and Vicente Blasco Ibañez bringing their work into conversation with a vital field. A valuable resource for students scholars and admirers of both theatre and novels. The Routledge Companion to Theatre Fiction offers a wealth of new perspectives on topics of increasing critical concern including intermediality theatricality antitheatricality mimesis diegesis and performativity.

**Faint Praise** Gail Pool, 2007-07-06 For more than two hundred years book reviewers have influenced American readers setting our literary agenda by helping us determine not only what we read but also what we think about what we read And for nearly as long critics of these critics have lambasted book reviews for their overpraise hostility banality and bias Faint Praise takes a hard and long overdue look at the institution of book reviewing Gail Pool herself an accomplished reviewer and review editor analyzes the inner workings of this troubled trade to show how it works and why it so often fails to work well She reveals why bad reviewing happens despite good intentions and how it is that so many intelligent people who love books can say so many unintelligent things on their behalf Reviewers have the power to award prestige to authors give prominence to topics and shape opinion and taste yet most readers have little knowledge of why certain books are selected for review why certain reviewers are selected to review them and why they so often praise books that aren't all that good Pool takes readers behind the scenes to describe how editors choose books for review and assign them to reviewers and she examines the additional roles played by publishers authors and readers In describing the context of reviewing she reveals a culture with little interest in literature much antipathy to criticism and a decided weakness for praise In dissecting the language of reviews Pool demonstrates how it often boils down to unbelievable hype Pool explores the multifaceted world of book reviewing today contrasting traditional methods of reviewing with alternative book coverage from Amazon.com to Oprah and suggesting how the more established practices could be revised She also explores the divide between service journalism practiced by reviewers versus the alleged high art served up by literary critics and what this fuzzy boundary between reviewing and criticism really means This is the first book to analyze the field in depth weighing the inherent difficulties of reviewing against the unacceptable practices that undermine the very reasons we read and need reviews Faint Praise is a book not just for those who create and review books but also for everyone who loves books By demystifying this hidden process Pool helps everyone understand how to read
