

The background of the entire cover is an impressionist painting of a rainy street scene. In the foreground, a woman in a dark dress and white apron holds a large red umbrella. Other figures with umbrellas are visible in the background, and the ground is wet and reflective. The overall style is reminiscent of J.M.W. Turner's work.

Washington Square by Henry James *Washington Square* Henry James,2018-08-11 *Washington Square* By Henry James 1880 her accompaniments were for about five years a source of extreme satisfaction to the young physician who was both a devoted and a very happy husband The fact of his having married a rich woman made no difference in the line he had traced for himself and he cultivated his profession with as definite a purpose as if he still had no other resources than his fraction of the modest patrimony which on his father's death he had shared with his brothers and sisters This purpose had not been preponderantly to make money it had been rather to learn something and to do something To learn something interesting and to do something useful this was roughly speaking the programme he had sketched and of which the accident of his wife having an income appeared to him in no degree to modify the validity He was fond of his practice and of exercising a skill of which he was agreeably conscious and it was so patent a truth that if he were not a doctor there was nothing else he could be that a doctor he persists We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience **James** Henry James,2000-10-01 Neither beautiful in her looks nor brilliant in her manner Catherine Sloper is an unlikely object for a sublime passion Yet this is precisely what she appears to have inspired in the breast of Morris Townsend But then who knows the secrets of the human heart Love the centuries have shown is the strangest most unpredictable of emotions And if money is at stake even more unpredictable For Catherine is the only daughter of one of New York's wealthiest physicians And Morris though handsome is both idle and impoverished
