

The sky cleared
I was standing
under a tree.

and there were stars in the sky
that were also themselves
at the moment

at which moment
my right hand
was holding my left hand
which was holding the tree
which was filled with stars
and the soft rain —
imagine! Imagine!
the long and wondrous journeys
still to be ours.

The Real Work Adam Gopnik, 2023-03-14 Wise companionable and often extremely funny Oliver Burkeman *The Atlantic* Best selling author and *New Yorker* writer Adam Gopnik investigates a foundational human question How do we

learn and master a new skill For decades now Adam Gopnik has been one of our most beloved writers a brilliantly perceptive critic of art food France and more But recently he became obsessed by a more fundamental matter one he had often meditated on in The New Yorker How do masters learn their miraculous skill whether it was drawing a museum ready nude or baking a perfect sourdough loaf How could anyone become so good at anything There seemed to be a fundamental mystery to mastery Was it possible to unravel it In The Real Work the term magicians use for the accumulated craft that makes for a great trick Gopnik becomes a dedicated student of several masters of their craft a classical painter a boxer a dancing instructor a driving instructor and others Rejecting self help bromides and bullet points he nevertheless shows that the top people in any field share a set of common qualities and methods For one their mastery is always a process of breaking down and building up of identifying and perfecting the small constituent parts of a skill and the combining them for an overall effect greater than the sum of those parts For another mastery almost always involves intentional imperfection as in music where vibrato a way of not quite landing on the right note carries maximum expressiveness Gopnik s simplest and most invigorating lesson however is that we are surrounded by mastery Far from rare mastery is commonplace if we only know where to look from the parent who can whip up a professional strudel to the social worker who in one of the most personally revealing passages Gopnik has ever written helps him master his own demons Spirited and profound The Real Work will help you understand how mastery can happen in your own life and significantly why each of us relentlessly seeks to better ourselves in the first place

Meditation and the Classroom Judith Simmer-Brown, Fran Grace, 2011-08-01 Meditation and the Classroom inventively articulates how educators can use meditation to educate the whole student Notably a number of universities have initiated contemplative studies options and others have opened contemplative spaces This represents an attempt to address the inner life It is also a sign of a new era one in which the United States is more spiritually diverse than ever before Examples from university classrooms and statements by students indicate benefits include increased self awareness creativity and compassion The religious studies scholars who have contributed to this book often teach about meditation but here they include reflections on how meditation has affected them and their teaching Until recently though even many religious studies professors would find sharing meditation experiences let alone teaching meditation techniques a breach of disciplinary and academic protocols The value of teaching meditation and teaching about meditation is discussed Ethical issues such as pluralism respect qualifications power and coercion and avoiding actual or perceived proselytization are also examined While methods for religious studies are emphasized the book provides valuable guidance for all those interested in this endeavor

Reaching Deeper Laurel Hallman, 2008-05-27 A sermon is an event in a particular time and place with a particular preacher and congregation With the exception of one essay and one sermon preached in a larger context the place was The First Unitarian Church of Dallas Texas a church firmly in the Bible Belt with a people seeking open minded and open hearted wisdom for life clarity of purpose and the nourishment of worshipping together in the music silence prayer and preaching of a specific Unitarian Universalist Church These sermons are an inadequate representation of what happened when they were preached And in turn they are an inadequate effort by the preacher who after all is human They were preached each week whether the preacher was ready or not They have been slightly edited for clarity but remain largely as a text for preaching That is to say the sentences are often incomplete and the text sometimes follows a circuitous path to make a point That said this selection of sermons taken as a whole represents the deepening of a congregation and minister over time and should be read with the grace and forgiveness that was present when they were delivered **Mary** Kathy Coffey, 2009 An internationally known author and inspirational speaker Catholic Online inspires us to see the mother of Jesus as our spiritual
