When The Emperor Was Divine By Julie Otsuka:

When The Emperor Was Divine Julie Otsuka, 2012-04-05 A compelling powerful portrait of a terrible endurance Terrific The Times Four months after Pearl Harbor signs begin appearing up and down the West Coast instructing all persons of Japanese ancestry to report to assembly centers For one family reclassified virtually overnight as unwelcome enemies it is the beginning of a nightmare of oppression and alienation that will alter their lives forever There is the mother reeling from the order to evacuate and the daughter travelling on the long train journey away from freedom There is the son who struggles to adapt to their new life in the dust of the Utah desert and the father who after four bitter years in captivity returns to his family a stranger Based on a true story Julie Otsuka's powerful deeply humane first novel tells of a forgotten generation who found themselves imprisoned in their own country and evokes an unjustly overlooked episode in America's wartime history Outstandingly accomplished and moving Sunday Telegraph Exceptional New Yorker LONGLISTED FOR THE ORANGE PRIZE WINNER OF THE ASIAN AMERICAN LITERARY AWARD 2003 WINNER OF THE AMERICAN LIBRARY ASSOCIATION ALEX AWARD 2003 [A Study Guide for Julie Otsuka's "When the Emperor Was Divine"](#) Cengage Learning Gale, 2017-07-25 **Study Guide** Supersummary, 2019-09-04 SuperSummary a modern alternative to SparkNotes and CliffsNotes offers high quality study guides for challenging works of literature This 40 page guide for When the Emperor Was Divine by Julie Otsuka includes detailed chapter summaries and analysis covering 5 chapters as well as several more in depth sections of expert written literary analysis Featured content includes commentary on major characters 25 important quotes essay topics and key themes like Loss of Identity and The Displacement and Alienation of Immigrants [A Study Guide for Julie Otsuka's "When the Emperor Was Divine"](#) Gale, Cengage Learning, 2016-07-12 A Study Guide for Julie Otsuka's When the Emperor Was Divine excerpted from Gale's acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your research needs [Adult Book Club Kit for Julie Otsuka's When the Emperor was Divine](#), 2002 [Migrant Aesthetics](#) Glenda R. Carpio, 2023-10-31 Co winner 2024 Matei Calinescu Prize Modern Language Association By most accounts immigrant literature deals primarily with how immigrants struggle to adapt to their adopted countries Its readers have come to expect stories of identity formation of how immigrants create ethnic communities and maintain ties to countries of origin Yet such narratives can center exceptional stories of individual success or obscure the political forces that uproot millions of people the world over Glenda R Carpio argues that we need a new paradigm for migrant fiction Migrant Aesthetics shows how contemporary authors Teju Cole Dinaw Mengestu Aleksandar Hemon Valeria Luiselli Julie Otsuka and Junot Diaz expose the historical legacies and political injustices that produce forced migration through artistic innovation Their fiction rejects the generic features of immigrant literature especially the acculturation plot and the use of migrant narrators as cultural guides who must appeal to readerly empathy

They emphasize the limits of empathy insisting instead that readers recognize their own roles in the realities of migration which like climate change is driven by global inequalities Carpio traces how these authors create literary echoes of the past showing how the history of neo colonialism links distinct immigrant experiences and can lay the foundation for cross ethnic migrant solidarity Revealing how migration shapes and is shaped by language and narrative Migrant Aesthetics casts fiction as vital testimony to past and present colonial imperial and structural displacement and violence

Relative Histories Rocio G. Davis, 2010-11-10 *Relative Histories* focuses on the Asian American memoir that specifically recounts the story of at least three generations of the same family This form of auto biography concentrates as much on other members of one's family as on oneself generally collapses the boundaries conventionally established between biography and autobiography and in many cases as Rocio G Davis proposes for the autobiographies of ethnic writers crosses the frontier into history promoting collective memory Davis centers on how Asian American family memoirs expand the limits and function of life writing by reclaiming history and promoting community cohesion She argues that identity is shaped by not only the stories we have been told but also the stories we tell making these narratives important examples of the ways we remember our family's past and tell our community's story In the context of auto biographical writing or filmmaking that explores specific ethnic experiences of diaspora assimilation and integration this work considers two important aspects These texts re imagine the past by creating a work that exists both in history and as a historical document making the creative process a form of re enactment of the past itself Each chapter centers on a thematic concern germane to the Asian American experience the narrative of twentieth century Asian wars and revolutions which has become the subtext of a significant number of Asian American family memoirs Pang Mei Natasha Chang's *Bound Feet and Western Dress* May lee and Winberg Chai's *The Girl from Purple Mountain* K Connie Kang's *Home Was The Land of Morning Calm* Doung Van Mai Elliott's *The Sacred Willow* family experiences of travel and displacement within Asia in the nineteenth and early twentieth centuries which unveil a history of multiple diasporas that are often elided after families immigrate to the United States Helie Lee's *Still Life With Rice* Jael Silliman's *Jewish Portraits* Indian Frames Mira Kamdar's *Motiba's Tattoos* and the development of Chinatowns as family spaces Maxine Hong Kingston's *China Men* Lisa See's *On Gold Mountain* Bruce Edward Hall's *Tea that Burns* The final chapter analyzes the discursive possibilities of the filmed family memoir family portrait documentary examining Lise Yasui's *A Family Gathering* Ruth Ozeki Lounsbury's *Halving the Bones* and Ann Marie Fleming's *The Magical Life of Long Tack* Sam Davis concludes the work with a metaliterary engagement with the history of her own Asian diasporic family as she demonstrates the profound interconnection between forms of life writing

Trauma, Precarity and War Memories in Asian American Writings Jade Tsui-yu Lee, 2020-10-01 Departing from Jacques Derrida's appropriations of cinders as a trope of war atrocity aftermath this book examines writings that deal with war trauma memories in Asian American communities Seeing war experiences and their associative diasporas and affects as the core and axis it considers the multifarious poetics and politics of minority trauma writings and posits a possible interpretive framework for contemporary Asian American writings including those written by Julie Otsuka Joseph Craig Danner Monique Truong Nguyen Viet Thanh Janice Lowe Shinebourne and Andre Lamontagne As these writings contain works regarding Japanese American Indo Chinese Guyanese Chinese Quebeois Vietnamese exiles

refugees and Vietnam American experiences this book presents a broad cross cultural view on migration and minority issues triggered by wars and precarious conditions as the diversified experiences examined here epitomize an intricate historical intimacy across four continents Asia the Americas Africa and Europe **A Study Guide for Julie Otsuka's "'When the Emperor Was Divine'" ,2016** The Liberty of Strangers Desmond King,2004-12-09 Harry S Truman once said Ours is a nation of many different groups of different races of different national origins And yet the debate over what it means and what it takes to be an American remains contentious Nationalist solidarity many claim requires a willful blending into the assimilationist alloy of these United States Others argue that the interests of both nation and individual are best served by allowing multiple traditions to flourish a salad bowl of identities and allegiances rather than a melting pot Tracing how Americans have confronted and relinquished but mostly clung to group identities over the past century Desmond King here debunks one of the guiding assumptions of American nationhood namely that group distinction and identification would gradually dissolve over time creating a postethnic nation Over the course of the twentieth century King shows the divisions in American society arising from group loyalties have consistently proven themselves too strong to dissolve For better or for worse the often disparaged politics of multiculturalism are here to stay with profound implications for America s democracy Americans have now entered a post multiculturalist settlement in which the renewal of democracy continues to depend on groups battling it out in political trenches yet the process is ruled by a newly invigorated and strengthened state But Americans resolute embrace of their distinctive identities has ramifications not just internally and domestically but on the world stage as well The image of one people American nationhood so commonly projected abroad camouflages the country s sprawling often messy diversity a lesson that nation builders worldwide cannot afford to ignore as they attempt to accommodate ever evolving group needs and the demands of individuals to be treated equally Spanning the entire twentieth century and encompassing immigration policies the nationalistic fallout from both world wars the civil rights movement and nation building efforts in the postcolonial era The Liberty of Strangers advances a major new interpretation of American nationalism and the future prospects for diverse democracies *The Oxford History of the Novel in English* Cyrus R. K. Patell,Deborah Lindsay Williams,2024-03-05 *The Oxford History of the Novel in English* is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For

so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public's attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States
