**Pipeline to the Pros** Ben Kaplan, Danny Parkins, 2024-04-16 Jeff Van Gundy Brad Stevens Frank Vogel Mike Budenholzer Tom Thibodeau Sam Presti Leon Rose Before you knew his name before he drafted your favorite player before he guided your team to a championship he had a playing career of his own at an NCAA Division III college He didn t play for fortune the NBA

was out of reach and his school didn't even give athletic scholarships. He didn't play for fame; his games weren't televised and the stands were rarely full. Whatever the motivation, he simply couldn't give up the game of basketball. And that didn't change after graduation when it was time to pick a career path. For the first time in league history, NBA coaches and general managers are just as likely to have played Division III basketball as they are to have played in the NBA. While the number of former D3 players working in the NBA is higher than ever, small college alums have served in leadership positions since the league's founding. They shaped the NBA into what it is today, playing integral roles in the Lakers' initial success in Los Angeles, the inception of several expansion franchises, the creation of the popular All-Star Weekend dunk contest, the globalization of the league, and more. Their improbable and inspiring journeys tell a bigger story: the history of small college athletics, the evolution of coaching and management in the NBA, and the hiring practices in the most competitive fields. Their alma maters were small, but their impact on the game and the implications of their success loom large. **Peernovation Second Edition**

Leo Bottary, 2025-03-25. Peer no va tion pir n v shn combines the words peer, people of equal standing, and innovation, creativity, realized. It is the act of working together to create something larger than ourselves. This second edition of Peernovation stands on the shoulders of Leo Bottary's award-winning books: *The Power of Peers* (2016), *What Anyone Can Do* (2018), and *Peernovation* (2020). It is informed by the wisdom and experiences of dedicated forum leaders, group members, and team leaders during more than 700 facilitated programs. Beyond that, the content leans heavily on the disciplines of social learning theory, psychological safety, group dynamics, accountability, organizational culture, and systems thinking, building a bridge between the proven practices that have emerged from CEO Forums and what it will take to lead higher-performing, happier teams in today's workplace. Whether you are a team leader or team member, learn how to select the right people for your team, create psychological safety, and inspire greater productivity; build a positive culture of accountability; become a better team leader; foster a culture of continuous improvement. You'll find updates to the original narrative and six new chapters, all of which will help you leverage the power of Peernovation among the several generations who comprise your workforce. We are at the forefront of leading through unprecedented change. Doing so successfully will require relying on each other like never before. Let's get started. *Powers of Two* Joshua Wolf Shenk, 2014-08-05. The power of collaboration from Lennon and McCartney to Wozniak and Jobs. An inspiring book that also happens to be a great read. Daniel H. Pink, author of *Drive*, *Through the Eye of the Needle*, and *When the Game Was Over*, has buoyed each other to better work, though often one member is little known to the general public. See Warren Buffett and Charlie Munger or Vincent and Theo van Gogh. *Powers of Two* draws on neuroscience, social psychology, and cultural history to present the social foundations of creativity, with the pair as its primary embodiment. Revealing the six essential stages through which creative intimacy unfolds, this book shows how pairs begin to talk, think, and even look like each other; how the most successful ones thrive on conflict; and why some cease to work together while others carry on. At once intuitive and deeply surprising, *Powers of Two* will reshape the way you view individuals.
