Clifford Cutler, 2010-01-21 Saint Paul's Church in Philadelphia where most of these sermons were given is reminiscent in architecture to those old pilgrimage churches of France with its rose window and gargoyles flying buttress and flèche that pierces the horizon of Chestnut Hill At one time the cross at the top of the flèche was the highest point in Philadelphia Coming to Saint Paul's brings one to a place of peace for me as one parishioner described it that helps me to try and work toward peace in the world An

omen of peace for the parish is how our third rector described a gathering of clergy from North and South at Saint Paul's only six months after Lincoln's assassination. Enemies just months prior they now stood before God at the altar of Saint Paul's. A hundred years later in May of 1962 the parish established a memorial and planted a Red Oak on Rogation Day to honor Dag Hammarskjöld and all who died for world peace. In a night of disunity and polarization that marks the opening of a third millennium the sermons and meditations in this book describe what is taking place beyond a flaring together that holds the brilliant prospect of peace. This is the pilgrimage that is worth taking. *Oprah's The Life You Want Book Lover's Journal* Oprah Daily, 2025-05-06 Join Oprah on a literary celebration in this guided reading journal featuring 100 writing prompts that will help you discover and remember the power of great books. This is a book about mostly long-term relationships that have come apart. Each woman involved, the majority of whom are over sixty, tells of her experience through journal entries, essays, poetry, or stories. Although in many senses they have been abandoned, they have also been set free, untethered, and for some, liberated sexually, mentally, or emotionally. The book is divided into two major sections. The pieces in the first part are personal narratives. Among the varied voices we hear from women in both heterosexual and same-sex relationships who have been left by their partners or who have decided to leave them. In the second section, the contributors look at being left and leaving from psychological, sociological, economic, sexual, medical, anthropological, and literary perspectives. Other essays explore the shared experiences of specific classes of women, such as single women, widows, or abandoned daughters. **A to Z of American Women Writers** Carol Kort, 2014-05-14 Presents a biographical dictionary profiling important women authors, including birth and death dates, accomplishments, and bibliography of each author's work.
