# 2014 Exemplar Life Orientation

**T. K. Das**

## 2014 Exemplar Life Orientation:

**Narrative, Calling, and Missional Identity in 1 Peter** David Shaw, 2023-11-13 A story well told and subsequently imbibed by its recipients has the power to shape one's beliefs, identity, and way of life. So what happens when a person or community is swept up in such a story? In this study, Shaw draws upon the dual methodologies of Narrative Transportation and Social Identity theories to consider how 1 Peter's use of Old Testament narratives and language serves to transport its recipients into an identity defined as elect sojourners. Amidst suffering, 1 Peter calls the Anatolian believers to a priestly ministry, blessing their antagonists as they await their eternal glory in Christ. The Partisan Next Door Ethan C. Busby, Adam J. Howat, Jacob E. Rothschild, Richard M. Shafranek, 2021-09-29 In the United States, politics has become tribal and personalized. The influence of partisan divisions has extended beyond the political realm into everyday life, affecting relationships and workplaces as well as the ballot box. To help explain this trend, we examine the stereotypes Americans have of ordinary Democrats and Republicans. Using data from surveys, experiments, and Americans' own words, we explore the content of partisan stereotypes and find that they come in three main flavors: parties as their own tribes, coalitions of other tribes, or vehicles for political issues. These different stereotypes influence partisan conflict: people who hold trait-based stereotypes tend to display the highest levels of polarization, while holding issue-based stereotypes decreases polarization. This finding suggests that reducing partisan conflict does not require downplaying partisan divisions but shifting the focus to political priorities rather than identity. **The Healing Power of Hip Hop** Raphael Travis Jr., 2015-12-14 Using the latest research, real-world examples, and a new theory of healthy development, this book explains Hip Hop culture's ongoing role in helping Black youths to live long, healthy, and productive lives. In *The Healing Power of Hip Hop*, Raphael Travis Jr. offers a passionate look into existing tensions aligned with Hip Hop and demonstrates the beneficial quality it can have in empowering its audience. His unique perspective takes Hip Hop out of the negative light and shows readers how Hip Hop has benefited the Black community. Organized to first examine the social and historical framing of Hip Hop culture and Black experiences in the United States, the remainder of the book is dedicated to elaborating on consistent themes of excellence and well-being in Hip Hop and examining evidence of new ambassadors of Hip Hop culture across professional disciplines. The author uses research-informed language and structures to help the reader fully understand how Hip Hop creates more pathways to health and learning for youth and communities. VIA Character Strengths: Theory, Research and Practice Hadassah Littman-Ovadia, Philippe Dubreuil, Maria Christina Meyers, 2021-06-01 The Guest Editors would like to express their profound gratitude to Pavel Freidlin for his valuable work in initiating this Research Topic and actively contributing to it. *International Security Management* Gabriele Jacobs, Ilona Suojanen, Kate E. Horton, Petra Saskia Bayerl, 2020-08-07 This book offers a new look at international security management, combining practical applications and theoretical foundations for new solutions to today's complex security and safety challenges. The book's focus

on safety as a positive experience complements the traditional approach to safety as risks and threats. In addition, its multi-stakeholder, multi-disciplinary, international, and evidence-based approach provides holistic and timely insights for the field. Topics raised in this book focus on the crucial questions of Who is safety actually for and How can sustainable safety solutions be jointly created. This book provides comprehensive insights into the latest research findings, practical applications, and suggestions for dealing with challenges in international security management in integrated and sustainable ways, making it relevant reading for practitioners as well as academics and students with a view to obtaining thorough first-hand knowledge from serving experts in the field. We explore new ways of working with citizens, police, and policymakers in order to co-create safety. This book emphasises the importance of safety as a topic that matters for all. Safety and security are basic pillars for the development of our society. However, the number of areas, actors, and procedures involved in the management of the different elements composing the international security ecosystem, its coordination, and alignment make it a challenging issue to resolve. This book provides a fresh new approach to this complex issue in which we all have a role to play.

**Fernando Ruiz**, Acting Head of European Cyber Crime Centre, Europol. A very timely analysis that brings a much-needed international perspective to the field of security management. The authors explore the challenges confronting security management in a complex and connected world and generate new ideas to support practice and inspire research.

**Cop Shows** Roger Sabin, Ronald Wilson, Linda Speidel, 2015-03-23. From cops who are paragons of virtue to cops who are as bad as the bad guys, from surly loners to upbeat partners, from detectives who pursue painstaking investigation to loose cannons who just want to kick down the door, the heroes and anti-heroes of TV police dramas are part of who we are. They enter our living rooms and tell us tall tales about the social contract that exists between the citizen and the police. Love them or loathe them, according to the ratings, we love them; they serve a function. They've entertained, informed, and sometimes infuriated audiences for more than 60 years. This book examines *Dragnet*, *Highway Patrol*, *Naked City*, *The Untouchables*, *The F B I*, *Columbo*, *Hawaii Five O*, *Kojak*, *Starsky & Hutch*, *Hill Street Blues*, *Cagney & Lacey*, *Miami Vice*, *Law Order*, *Homicide*, *Life on the Street*, *NYPD Blue*, *CSI*, *The Shield*, *The Wire*, and *Justified*. It's time to take another look at the perps, the vics, and the boys and girls in blue and ask how their representation intersects with questions of class, gender, sexuality, and race. What is their socio-cultural agenda? What is their relation to genre and televisuality? And why is it that when a TV cop gives a witness his card and says, "call me," that witness always ends up on a slab?

**Time Issues in Strategy and Organization** T. K. Das, 2019-10-01.
