

The background of the entire page is a detailed, monochromatic illustration of a Native American man's face. He has a large, feathered headdress and a serious expression. The illustration is rendered in a style that resembles a woodcut or a detailed engraving, with fine lines and shading. The face is centered and occupies most of the frame.

AMERICAN POETRY OF THE SEVENTEENTH CENTURY

Meserole, *American Literature and Science* Robert Scholnick,2021-10-21 Literature and science are two disciplines are two disciplines often thought to be unrelated if not actually antagonistic But Robert J Scholnick points out that these areas of learning up through the beginning of the nineteenth century were understood as parts of a unitary endeavor By mid century they had diverged but literature and science have continued to interact conflict and illuminate each other In this innovative work twelve leaders in this emerging interdisciplinary field explore the long engagement of American writers with science and uncover science s conflicting meanings as a central dimension of the nation s conception of itself Reaching back to the Puritan poet minister physician Edward Taylor who wrote at the beginning of the scientific revolution and forward to Thomas Pynchon novelist of the cybernetic age this collection of original essays contains essential work on major writers including Franklin Jefferson Poe Emerson Thoreau Twain Hart Crane Dos Passos and Charles Olson Through its exploration of the ways that American writers have found in science and technology a vital imaginative stimulus even while resisting their destructive applications this book points towards a reconciliation and integration within culture An innovative look at a neglected dimension of our literary tradition American Literature and Science stands as both a definition of the field and an invitation to others to continue and extend new modes of inquiry *Seventeenth-century American Poetry in Theory and Practice* ,1985 **The Cambridge Introduction to Twentieth-Century American Poetry** Christopher Beach,2003-10-23

The Cambridge Introduction to Twentieth Century American Poetry is designed to give readers a brief but thorough introduction to the various movements schools and groups of American poets in the twentieth century It will help readers to understand and analyze modern and contemporary poems The first part of the book deals with the transition from the nineteenth century lyric to the modernist poem focussing on the work of major modernists such as Robert Frost T S Eliot Ezra Pound Wallace Stevens Marianne Moore and W C Williams In the second half of the book the focus is on groups such as the poets of the Harlem Renaissance the New Critics the Confessionals and the Beats In each chapter discussions of the most important poems are placed in the larger context of literary cultural and social history

Visions & Revisions of American Poetry(p) Lewis Turco,1986 *Handbook of American Poetry* Sabine Sielke,2025-01-27 This handbook offers scholars an overview of the state of research and students a sense of how American poetry from its first forms evolving in the 17th century settler colonies to its current digital modes has addressed issues and experiences central to human consciousness and to political life over five centuries of cultural practice At the same time it aims to show how poetry philosophy and theory have always been involved in productive dialogues

Seventeenth-century American Poetry. The Stuart Ed Harrison T. Meserole,1968 **The American Puritan Elegy** Jeffrey A. Hammond,2000-06-01 Jeffrey Hammond s study takes an anthropological approach to the most popular form of poetry in early New England the funeral elegy Hammond reconstructs the historical theological and cultural contexts of these poems to demonstrate how they responded to a specific process of mourning defined by Puritan views on death and grief The elegies emerge he argues not as poems to be read and appreciated in a post romantic sense but as performative scripts that consoled readers by shaping their experience of loss in accordance with theological expectation Read in the framework of their own time and place the elegies shed light on the emotional dimension of Puritanism and the important role of ritual in Puritan culture Hammond s book reassesses a body of poems whose importance on their own time has been obscured by almost total neglect in ours It represents the first full length study of its kind in English

The New Cambridge Bibliography of English Literature George Watson,Ian Roy Willison,1974 *Seventeenth-century American Poetry* Harrison Talbot MESEROLE,1968 Encyclopedia of American Literature Manly, Inc.,2013-06 Susan Clair Imbarrato Carol Berkin Brett Barney Lisa Paddock Matthew J Bruccoli George Parker Anderson Judith S **Early American Poetry** Jane Donahue Eberwein,1978-07-21 Here is the first major figure anthology of American poetry of the colonial and early national periods an indispensable volume for both students and scholars of American literature and civilization Five major literary figures are spotlighted Anne Bradstreet 1612 1672 Edward Taylor 1642 1729 Timothy Dwight 1752 1817 Philip Freneau 1752 1832 and William Cullen Bryant 1794 1878 An introduction to each chapter summarizes the life of the poet reviews his or her literary career describes and evaluates artistic achievement and places the poet in an intellectual context The writer s relationship to changing religious philosophical political and cultural patterns is established The contemporary perspective is augmented by the inclusion of an appendix

which presents three important poems by other writers Micheal Wigglesworth's God's Controversy with New England Ebenezer Cook's The Sot Weed Factor and Joel Barlow's Hasty Pudding Eberwein goes beyond the most popular and familiar works to include those of unrecognized literary merit presenting a thoroughly unique approach which illuminates the full range of the writers themes forms and poetic voices Sabbath and Sectarianism in Seventeenth-Century England David S. Katz, 1988-12-01 This book is a study of the practical application of a religious idea the belief in the continuing validity of the Old Testament especially the Ten Commandments which ordained the observance of the Sabbath on the seventh day Saturday The author traces the growth and development of the most radical of English Sabbath observers those who revered the Jewish Sabbath in a Christian context But this is not only a pre history of the Seventh Day Adventists It is also the story of the remarkable persistence of a revolutionary religious belief powerful and convincing enough to survive the Restoration and continue into modern times The Saturday Sabbath gradually became institutionalized in a nonconformist sect in which the ideological foundation was sufficient to unite men who on political grounds should have been the most bitter of enemies including Fifth Monarchists millenarians neutrals and Royalists alike That those men and their followers could amicably join forces after the Restoration is testimony to the power of religious ideas which might overshadow the political affiliations of the civil war

Whispering the Techniques of Language: An Mental Journey through **American Poetry Of The Seventeenth Century**

In a digitally-driven earth wherever displays reign great and instant interaction drowns out the subtleties of language, the profound techniques and psychological nuances hidden within phrases frequently move unheard. However, set within the pages of **American Poetry Of The Seventeenth Century** a charming fictional treasure pulsing with fresh emotions, lies an extraordinary quest waiting to be undertaken. Composed by an experienced wordsmith, this enchanting opus invites readers on an introspective journey, gently unraveling the veiled truths and profound impact resonating within the very material of each word. Within the mental depths of the poignant review, we will embark upon a sincere exploration of the book is primary themes, dissect their fascinating writing type, and succumb to the effective resonance it evokes deep within the recesses of readers hearts.
