The American Republic **Washington and the American Republic** Benson John Lossing, 1879 **The Decline and Fall of the American Republic** Bruce Ackerman, 2011-02-01 Audacious offers a fierce critique of democracy's most dangerous adversary the abuse of democratic power by democratically elected chief executives Benjamin R Barber New York Times bestselling author of *Jihad vs McWorld* Bruce Ackerman shows how the institutional dynamics of the last half century have transformed the American presidency into a potential platform for political extremism and lawlessness Watergate Iran Contra and the War on Terror are only symptoms of deeper pathologies Ackerman points to a series of developments that have previously been treated independently of one another from the rise of presidential primaries to the role of pollsters and media gurus to the centralization of power in White House czars to the politicization of the military to the manipulation of constitutional doctrine to justify presidential power grabs He shows how these different transformations can interact to generate profound constitutional crises in the twenty first century and then proposes a series of reforms that will minimize if not eliminate the risks going forward The questions Ackerman raises regarding the threat of the American Executive to the republic are daunting This fascinating book does an admirable job of laying them out The Rumpus Ackerman worries that the office of the presidency will continue to grow in political influence in the coming years opening possibilities for abuse of power if not outright despotism Boston Globe A serious attention getter Joyce Appleby author of *The Relentless Revolution* Those who care about the future of our nation should pay careful heed to Ackerman's warning as well as to his prescriptions for avoiding a constitutional disaster Geoffrey R Stone author of *Perilous Times* **Letters on the American Republic**

Joshua Rhodes Balme,1865 *Adventism and the American Republic* Douglas Morgan,2001 Adventism and the American Republic tells how their convictions led Adventist adherents to become champions of religious liberty and the separation of church and state all in the interest of delaying the fulfillment of a prophecy that foresees the abolition of most freedoms Through publication of Liberty magazine lobbying of legislatures and pressing court cases Adventists have been libertarian activists for more than a century and in recent times this stance has translated into strong resistance to the political agendas of Christian conservatives Drawing on Adventist writings that have never been incorporated into a scholarly study Morgan shows how the movement has struggled successfully to maintain its identifying beliefs with some modifications and how their sectarian exclusiveness and support of liberty has led to some tensions and inconsistencies BOOK JACKET **American Republic Since 1877, Performance Assessment** McGraw-Hill Staff,2002-06 *Letters on the American Republic, or, Common fallacies and montrous errors refuted and exposed* Joshua Rhodes BALME,1864 **Letters on the American Republic, Or, Common Fallacies and Monstrous Errors Refuted and Exposed** Joshua Rhodes Balme,1863 The American Republic and Human Liberty Foreshadowed in Scripture George Searle Phillips,1864 **The American Republic** John A. criticism of Islam punishable by death How American representatives at the United Nations have already agreed to limit freedom of speech How Curt Schilling and other outspoken conservatives have lost their jobs for criticizing Islam Why Twitter and Facebook now regularly censor speech critical of Islam while allowing death threats against its critics How blasphemy laws in Muslim countries are used as a pretext for arresting even lynching Christians How European hate speech laws are used to prosecute and harass critics of Islam Why appeasement of Islam is endangering our First Amendment freedoms and could lead to your prosecution for hate speech If you value your First Amendment rights you owe it to yourself to read *The Complete Infidel's Guide to Free Speech and Its Enemies* It will give you the information and tools you need to fight back because Islam and its progressive fellow travelers have only begun their campaign to define what you can read say and think
