Virtual Weaponry Aaron Tucker, 2017-10-26 This book examines the convergent paths of the Internet and the American military interweaving a history of the militarized Internet with analysis of a number of popular Hollywood movies in order to track how the introduction of the Internet into the war film has changed the genre and how the movies often function as one part of the larger Military Industrial Media Entertainment Network and the Total War Machine The book catalogues and analyzes representations of a militarized Internet in popular Hollywood cinema arguing that such illustrations of digitally networked technologies promotes an unhealthy transhumanism that weaponizes the relationships between the biological and technological aspects of that audience while also hierarchically placing the human components at the top Such filmmaking and movie watching should be replaced with a critical posthumanism that challenges the relationships between the audience and their technologies in addition to providing critical tools that can be applied to understanding and potentially resist modern warfare

American Girls Jessica Roy, 2024-01-16 The Sally sisters raised in a rural Jehovah's Witness community in Arkansas spent their teens and twenties moving between cities and towns in the South and Midwest working difficult and poorly paid jobs and falling in and out of relationships Caught in an eternal sibling rivalry where Lori younger by a year protected bold outgoing reckless Sam the two women eventually married a pair of brothers and settled down in Elkhart Indiana just around the corner from each other And it was there that their lives totally and violently diverged Today Sam is in federal custody where she will remain for the next six years after pleading guilty to Financing Terrorism In July of 2018 she and her children were plucked from a Kurdish refugee camp in Syria where she landed after spending two years in Raqqa shielding her children from airstrikes as her husband fought for ISIS Sam's oldest son appeared in several Islamic State propaganda videos and she participated in ISIS's practice of enslaving Yazidi women and children Sam says her husband coerced her to move to Raqqa but Lori who quit her job and worked tirelessly to get Sam out of Syria isn't so sure American Girls combines an in depth examination of Sam and Lori's lives with on the ground reporting from Syria and Iraq providing readers with a rare glimpse into the world of American women who join ISIS Interweaving deeply reported narrative drama with expert analysis

the book explores how the structures of subjugation and abuse experienced at home by women in the U S like Sam and Lori are the same structures that enable the rise of patriarchal societies like ISIS Fascinating resonant and moving American Girls is an unforgettable journey from small town Arkansas to Raqqa from domestic abuse to a militant terrorist organization all through the story of two close complicated sisters *The Art of Artertainment: Nobrow, American Style* Peter Swirski,Tero Eljas Vanhanen,2019-03-31 Artertainment is more than a novel aesthetic term reflecting the fact that art and entertainment have cross pollinated each other throughout history It is a creative strategy that purposely intertwines highbrow and lowbrow aesthetics in the name of reaching the connoisseurs and the masses The Art of Artertainment sets out to unravel the jumble of aesthetic faultlines and prejudices found wherever we find artistic crossovers which is to say everywhere Revisionist iconoclastic and artertaining in its own right it provides a new framework for the analysis of American nobrow culture from the Colonial times to the digitally turbocharged present The Limbaugh Letter ,2006
