Hahn, 2023-11-21 A Generation X woman with no religious upbringing chronicles her three year journey studying America's religious landscape After years as a Hollywood writer and filmmaker Kristin Hahn felt a crisis of faith she had no spiritual group she could call her own Setting out on a three year journey she began an investigation of America's religious traditions practices and beliefs Crisscrossing the nation Hahn spent a week cloistered in prayer with convent nuns and a month of Ramadan fasting with Muslims She went door to door with young Mormon missionaries and head to head with turbaned Sikh yogis She sat through marathon meditations with Buddhist masters and spent days in conversation and ceremony with an Ojibwe medicine man Her explorations exposed her to the rich ancient culture of the Jews and brought her into the enclaves of Christian Scientists and Amish farmers as well as the less traditional realms of Scientology neopagan witchcraft and the congregations of new age gurus And this was only the beginning Openhearted humorous and always thoughtful In Search of Grace offers nourishment for our spiritual hunger and a myriad of ways to find a religious home Praise for In Search of Grace This absolutely fascinating account of one woman's search for spiritual fulfillment also serves as an enlightening overview of the positive power of religious diversity Booklist Hahn's writing is astonishingly vivid and she describes her encounters with a cocktail of good humor respect curiosity admiration and the occasional wry but gentle criticism It is especially remarkable that she can review the basic elements of religions and somehow make it all seem fresh and fascinating Publishers Weekly

Behind The Scene Marianne Bontrager, 2022-07-28 Behind the Scene is a personal story of one little girl's experience growing up on a small Midwest farm. She was born into a large family living in poverty where her family's mode of transportation was a horse and buggy. This was required by the Amish religion her family belonged to. Early in her life her dad wanted a car. They left the Amish and joined the Mennonites. The deep dark secrets of her family's dysfunction she vowed never to expose to anyone. However that decision got her in difficult situations as an adult. Much of her under the surface unhappiness was due to the decision to never talk or tell of the abuse. When she decided to heal from the wounds she discovered this dilemma was a generational problem and much more prevalent than she imagined. It is her hope that through her journey to heal it will also give others the courage to heal. It is for those who may find themselves in this situation.

Grounding Social Sciences in Cognitive Sciences Ron Sun, 2012 Exploration of a new integrative intellectual enterprise the cognitive social sciences. **Backcountry Crucibles** Jean R. Soderlund, Catherine S. Parzynski, 2008 American historians have emphasized major cities as cultural and economic centers. This volume explores the vitality of cultural economic and political life beyond those cities. The Lehigh Valley is a place where integral events occurred but is also an example of regional growth outside large cities. Its unique location close enough to New York and Philadelphia to market grain iron coal and steel yet distant enough to develop its own cultural life offers a regional model persisting for more than two centuries heretofore unexplored in American historical scholarship. This persistence of cultural and economic patterns including the capacity to change makes Lehigh Valley history particularly intriguing.
