Among Others Hugo Award Winner Best Novel:

An Informal History of the Hugos Jo Walton, 2018-08-07 Engaged passionate and consistently entertaining An Informal History of the Hugos is a book about the renowned science fiction award for the many who enjoyed Jo Walton's previous collection of writing from Tor.com the Locus Award winning What Makes This Book So Great The Hugo Awards named after pioneer science fiction publisher Hugo Gernsback and voted on by members of the World Science Fiction Society have been presented since 1953 They are widely considered the most prestigious awards in science fiction Between 2010 and 2013 Jo Walton wrote a series of posts for Tor.com surveying the Hugo finalists and winners from the award's inception up to the year 2000 Her contention was that each year's full set of finalists generally tells a meaningful story about the state of science fiction at that time Walton's cheerfully opinionated and vastly well informed posts provoked valuable conversation among the field's historians Now these posts lightly revised have been gathered into this book along with a small selection of the comments posted by SF luminaries such as Rich Horton Gardner Dozois and David G Hartwell A remarkable guided tour through the field a kind of nonfiction companion to Among Others It's very good It's great New York Times bestselling author Cory Doctorow Boing Boing on What Makes This Book So Great *The Best Science Fiction and Fantasy of the Year, Volume Eleven* N. K. Jemisin, Amal El-Mohtar, Joe Abercrombie, 2017-04-06 Contemporary Chinese Novels in Translation since 1978 Yun Wu, 2024-10-14 This book aims to complement the traditional focus of translation studies which has primarily centered on translating English into other languages It presents a comprehensive analysis of the reverse translation trajectory exploring the movement of Chinese literature into the core English literary domain The book aims to explore the ideological and sociological dynamics that underlie the translation of contemporary Chinese novels This is achieved through an examination of the translation selection process translation paratexts and the roles of translation agents Case studies are employed to illustrate specific linguistic literary and cultural challenges within translation It dissects the cultural and literary implications of translating genres such as women's writing science fiction and Internet literature The argument presented is that the translation of peripheral literature is indispensable in shaping global literature Beyond its literary implications the book identifies the political significance inherent in such reverse translation endeavors It suggests that the translation of Chinese literature holds notable political interest for the Chinese government which aims to reshape China's image and bolster the nation's soft power through literary translation This work will be an essential read to students and scholars of translation studies comparative literature and Chinese studies **Encyclopedia of Science Fiction** Don D'Ammassa, 2015-04-22 Presents articles on the science fiction genre of literature including authors themes significant works and awards William Gibson, *Entanglements and Ambivalences* Hongwei Bao, Daniel H. Mutibwa, 2025-02-18 This book explores the media and cultural exchanges between Africa and China in the twenty first century against the backdrop of the rise of Africa and China in global geopolitics It situates these cultural encounters in historical and contemporary contexts

and through the critical lens of the Global South It identifies a rising Global South consciousness despite lingering historical entanglements and emotional ambivalences that continue to characterise Africa China relations Bringing together scholars from various disciplines and from different parts of the world this book examines a wide range of cultural expressions such as arts literature translated works traditional and digital media artefacts and services and film festivals It also interrogates emerging cultural interactions experiences and practices engendered by the increasingly digitalised information and communication technology infrastructure underpinning Africa China connections and links In doing so the book contributes to a more nuanced understanding of Africa China relations today and the concept of the Global South
