## **France Since The Revolution:**

**France Since the Revolution** Alfred Cobban, 1970      **France Since the Revolution** Claire Gorrara, Rachael Langford, 2003-01 France since the Revolution Texts and Contexts introduces students to modern France by exploring the emergence and development of France's five Republics and the values and ideals of French republicanism. Starting with the events of the French Revolution of 1789, each of the chapters in the book focuses on a flashpoint in French history: the Revolution of 1848, the Paris Commune of 1870, the Dreyfus affair of the 1890s, the First and Second World Wars, the Brazzaville conference of 1944, May 1968, and the campaign for political parity for women in the 1990s. Written by specialists from a range of disciplines including history, cultural studies, politics, and French area studies, these chapters address a series of contexts providing an overview of events and a critical interpretation of how such upheavals have affected the history of France's Republics. Questions of gender, race, and class are pivotal to such analyses. Complementing this emphasis on contexts are a number of texts available in French and English that give a flavour of how individual French men and women experienced their times. As an introductory book for undergraduates, France since the Revolution does not assume extensive previous knowledge and contains a complete glossary of the key names used in chapters, as well as a time line for reference and suggestions for further reading. An important resource for students and teachers alike, this accessible book gives its readers a firm base in nineteenth and twentieth century French history and culture from which to develop more specialized interests.

**France After Revolution** Denise Z. Davidson, 2007-04-30 Davidson provides a reevaluation of prevailing views on the effects of the French Revolution and particularly on the role of women. Arguing against the idea that women were forced from the public realm of political discussion, Davidson demonstrates how women remained highly visible and active.

**France in Revolution, 1776-1830** Sally Waller, 2002 The AS A2 History series that everyone's talking about      **The History of Modern France** Jonathan Fenby, 2015-07-02 With the defeat of Napoleon Bonaparte at the Battle of Waterloo in June 1815, the next two centuries for France would be tumultuous. Bestselling historian and political commentator Jonathan Fenby provides an expert and riveting journey through this period as he recounts and analyses the extraordinary sequence of events of this period from the end of the First Revolution through two others: a return of Empire, three catastrophic wars with Germany, periods of stability and hope interspersed with years of uncertainty and high tensions. As her cross-Channel neighbour Great Britain would equally suffer, France was to undergo the wrenching loss of colonies in the post-Second World War as the new modern world we know today took shape. Her attempts to become the leader of the European Union is a constant struggle, as was her lack of support for America in the two Gulf Wars of the past twenty years. Alongside this came huge social changes and cultural landmarks but also fundamental questioning of what this nation, which considers itself exceptional, really stood and stands for. That saga and those questions permeate the France of today, now with an implacable enemy to face in the form of Islamic extremism which so bloodily announced itself this year in Paris. Fenby will detail every

event every struggle and every outcome across this expanse of 200 years It will prove to be the definitive guide to understanding France      Access to History: France in Revolution 4th Edition Duncan Townson,Dylan Rees,2008-05-30 The Access to History series is the most popular and trusted series for AS and A level history students The new editions combine all the strengths of this well loved series with a new design and features that allow all students access to the content and study skills needed to achieve exam success This is a new edition of France in Revolution and has been fully updated and extended to cover the 2008 AS and A2 specifications for all examination boards This title charts the long and short term causes of the French Revolution the political social and economic impact of the Revolution itself and the establishment of the Terror There is also an additional chapter on Napoleonic rule in France from 1799 1815 Throughout the book key dates terms and issues are highlighted and historical interpretations of key debates are outlined Summary diagrams are included to consolidate knowledge and understanding of the period and exam style questions and tips written by examiners for each examination board provide the opportunity to develop exam skills      **France in Revolution** Dylan Rees,Duncan Townson,2001 This second edition provides an updated narrative and analysis of one of modern Europe s most important and dramatic events The author examines the causes course and impact of the French Revolution from its onset through to the overthrow of Napoleon Starting with the ancien regime the text covers the events that led to the outbreak of the revolution in 1789 the rise of the republican movement the Terror and the Thermidorian reaction Coverage of the impact of the Revolution on France and the rest of Europe has been fully updated to take into account recent research The title also considers the latest historical interpretations of French Revolution The updated study guides provide a firm basis for answering source based and essay questions      France in Revolution, 1848 Anthony Denholm,1972      *Words of Fire, Deeds of Blood: France in Revolution* Olivier Bernier,2018-11-02 This book is a unique history of the French Revolution a colorful insightful and impassioned recounting of the events that signaled the birth of modern France and indeed the modern world In the space of just a few years King Louis XVI and Marie Antoinette descended from immense popularity and unquestionable power to a place on the scaffold Beginning with the storming of the Bastille the government of France went from oligarchy to near anarchy and finally to the formation of a republic Along the way the names of the major players from Marat and Robespierre to Talleyrand and Mirabeau were etched into the history of France as well as the rest of the world Award winning historian and biographer Olivier Bernier has turned to primary sources including the correspondence of Marie Antoinette the journals of the governess of the royal children eyewitness accounts and newspapers and journals of the time to make sense of the rapid and profound change the Revolution incited Words of Fire Deeds of Blood is a stirring account of one of the most fascinating and significant periods in history      History of the Wars Occasioned by the French Revolution C. H. Gifford,1817      *French Society in Revolution, 1789-1799* David Andress,1999-06-12 This study plots a narrative course through the French Revolution examining the elements behind the breakdown of the 18th century monarchic state It presents a picture of

the tensions throughout the revolutionary decade      The French revolution Hippolyte Adolphe Taine,1885      **The French Revolutionary Epoch** Henri Van Laun,1879      *The Army of the French Revolution* Jean Paul Bertaud,2019-02-19 Jean Paul Bertaud is the leading French authority on the army of the French Revolution and La Revolution armee is the authoritative treatment of the first great national patriotic revolutionary and mass army engaged in what has been called the first total war that between revolutionary France and the other European powers The book is a successful attempt to integrate military history with social and political history and thereby to depict the army as a school for the republic that by subtle changes after 1795 made way for the Napoleonic regime The distinguished historian R R Palmer presents the first translation of this work into English in a volume that will quickly become indispensable for French historians historical sociologists and political scientists interested in armies and revolutions The theme of the book is suggested by its French title the Revolution armed That is the book is primarily about the Revolution and specifically the Revolution in its relation to armed force This revolution and this army activated the idea of the citizen soldier exemplified by the ancient classical republics and favored by Jean Jacques Rousseau and other eighteenth century thinkers but never before realized on so large and portentous a scale as in France in the 1790s Jean Paul Bertaud is Professor of Modern History at the University of Paris I the Sorbonne He has published widely in France on aspects of the French Revolution R R Palmer is Professor Emeritus at Yale University and author of numerous books including the two volume *The Age of the Democratic Revolution* 1959 and 1964 *Twelve Who Ruled* 1941 and *The Improvement of Humanity Education and the French Revolution* 1985 all published by Princeton University Press He has translated many works from the French most recently *The Two Tocquevilles Father and Son* Herve and Alexis de Tocqueville on the Coming of the French Revolution Princeton 1987 Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      **Episodes of the French Revolution from 1789 to 1795 (with an Appendix Embodying the Principal Events in France from 1789 to the Present Time), Examined from a Political and Philosophical Point of View** F. F. Benvenuti,1880      **France** John Edward Courtenay Bodley,1898      *The french revolution in 4 volumes* Justin Huntly McCarthy,1897      Women in France Since 1789 Susan Foley,2017-03-14 This compelling study traces the changes in women's lives in France from 1789 to the present Susan K Foley surveys the patterns of women's experiences in the socially segregated society of the early nineteenth century and then traces the evolution of their lifestyles to the turn of the twenty first century when many of the earlier social distinctions had disappeared Focusing on women's contested place within the political nation *Women in France since 1789* examines The on going strength of notions of sexual difference Recurrent

debates over gender The anxiety created by women s perceived departure from ideals of womanhood Major controversies over matters such as reproductive rights significant cultural changes and women s often under estimated political roles By addressing and exploring these key issues Foley demonstrates women s efforts over two centuries to create a place in society on their own terms     Syllabus of Lectures on the History of Civilization in Europe Philip Van Ness Myers,1893     Finding List of Books and Periodicals in the Central Library ... ,1893
