American Sniper Sheepdog:

Uncertain Warriors David Fitzgerald, 2023-11-09 In an era where history had supposedly ended what was an Army for This question confronted the US Army at the end of the Cold War Although public support for the military remained high fewer were sending their children to enlist and questions were raised about the uncertainty of future operations How would Army leaders prepare soldiers for difficult peacekeeping operations that called for a more human oriented approach in light of the promises of high tech warfare How best to navigate the broader debates about changing gender and sexual norms in American society Pulled in different directions the Army struggled to put forward a compelling vision of who and what the American soldier should be In *Uncertain Warriors* David Fitzgerald reveals how in response to this uncertainty they eventually fell back on an older vision of martial masculinity embracing a warrior ethos that was meant to define the contemporary American soldier

The Hero and the Victim Gregory Brazeal, 2024-10-08 How American fiction represents soldiers and soldier criminality in depictions of the Iraq War

Alpha Masculinity Eric Louis Russell, 2021-04-15 This book examines the linguistic and discursive mechanisms that realize the mythological American Alpha Male Providing an in depth dissection of corpora from an online socio commercial community a pop psychology guru and fictional gay erotica it unravels the ways language gender and hegemony play out in this ideological figure of neopositive essentialist masculinity Through a detailed multi level analysis Russell shows how the Alpha figure combines elements of dominance normativity and androcentrism and how these forces intersect with neoliberal and pseudoscientific discourses to establish a uniquely hybridized male hegemony one that is familiar to most but whose internal mechanisms remain largely unquestioned and unexamined This book will be of interest to academic scholars in sociolinguistics discourse analysis cultural studies and gender and sexualities studies

Hollywood's Imperial Wars Armando José Prats, 2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando José Prats explores in *Hollywood's Imperial Wars* The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which

characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Pratts analysis were forever altered by the loss in Vietnam Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Pratts calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts

Imperial Benevolence Scott Laderman,2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy Imperial Benevolence shows that American popular culture continuously suppresses awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it

American War Stories Brenda M. Boyle,2020-11-13 American War Stories breaks down the American perception of wars and focuses on how and why we conceptualize the war story It is one of the first studies to ask readers to contemplate what constitutes a war story and how that constitution obscures the normalizing of militarism in American culture

The Defeated and the Dead Mark Percy,2024-07-01 How do we teach about war How can social studies teachers empower students to understand how wars are started how they are fought and how they are ended Films about war are featured in nearly all social studies classrooms across the US with practically every American teenager watching at least one historical film during their time in middle and

high school Without the mandatory class viewing most of these movies would not have been seen by them otherwise Film is the medium through which most Americans learn about their national past But a passive viewing of a movie about war does little to help students learn to be critical thinkers about their country s choices In The Defeated and the Dead Teaching About War Through Film Dr Mark Percy outlines strategies and resources for teachers to incorporate movies about war into their classes in an effective thoughtful manner Employing elements of the Just War doctrine the basis for most international law and treaties this book highlights how teachers can make use of widely used films like Saving Private Ryan Platoon and Glory as well as other movies that span our nation s history from the American Revolution to modern conflicts By focusing on critical frameworks like Just War as well as featuring films both about war and the avoidance of war The Defeated and the Dead offers social studies teachers a valuable tool to approach difficult contentious topics in their classrooms **Father's**

A Philosophy of Gun Violence Alan J. Reid, 2022-08-20 This book uses a philosophy of technology to demonstrate that guns are predisposed for an intentional use making them inherently non neutral artifacts This argument rejects the often cited value neutral thesis and instrumentalist view that guns don't kill people people kill people and instead explains the lethality of the gun through the lenses of affordance theory behavioral design and choice architecture Ultimately this book proposes an ethical and value sensitive model for gun reform which embodies the perspective of French philosopher Bruno Latour who said You are different with a gun in your hand the gun is different with you holding it

Corporate Conspiracies Richard Belzer, David Wayne, 2017-05-09 From New York Times bestselling authors Richard Belzer and David Wayne comes a hard look at the wrongs done to us all by big business in America Here is an explosive account of wrongful acts perpetrated and the ensuing cover ups inflicted upon us by American corporations The bestselling author team of Richard Belzer and David Wayne exposes the ways that the capitalist regime has got us under their thumbs from the mainstream media and its control over us to the trillions stolen by big banks and mortgage companies during the mortgage crisis to the scams perpetrated by Big Oil and Big Pharma The one common victim of all that corruption is the American public and Corporate Conspiracies wants to do something about it Corporate Conspiracies takes dead aim at those who take advantage of us little guys Probably most disturbing is the book's examination of politics and capitalism teaming up against us how politicians and lobbyists all have their hands in each other's pockets while stabbing us in the back and how the well established energy lobby which is petroleum natural gas and coal has played a dominant role in the shaping of US foreign policy for decades Did you know that companies at times know that their products will kill people but they do nothing because it is actually cheaper to compensate the victims than it is to correct the problem And did you know that the Pentagon is sending 1.5 trillion of our tax dollars to their corporate buddies for a new fighter jet that is already superfluous This book is guaranteed to make us all think twice about being enslaved and cheated by corporate America Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might

The Films of Clint Eastwood Matt Wanat,Leonard Engel,2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives **Challenges of the Firefighter Marriage** Anne Gagliano,Mike Gagliano,2018-04-13 In Challenges of the Firefighter Marriage author Anne Gagliano the widely read Fire Engineering and

The 1st Assassin: A Unit 22 Thriller Mainak Dhar, 2023-07-27

About The Book: The 1st Assassin: A Unit 22 Thriller. The 1st Assassin: A Unit 22 Thriller. I once worked for the government going into missions that never officially happened, killing enemies we never officially killed. They gave me a bunch of medals partly for doing my job well, mostly to keep my mouth shut. I still work for the government, but now I ride a desk, barely tolerated by my boss, barely tolerating myself. My world is turned upside down when I am put on a task force investigating an assassination plot against the US President. Nothing is as it seems; the enemy always seems to be one step ahead of us, and I must keep myself and those I care about alive long enough to get to the bottom of this conspiracy. The clock is ticking; the body count is mounting, and the assassins never stop coming.
