Time, Consciousness and Writing, 2018-11-26 *Time Consciousness and Writing* brings together a collection of

critical reflections on Peter Malekin's model of the mind which he saw as a crucial yet often neglected aspect of critical theory in relation to theatre literature and the arts. The volume begins with a selection of Peter Malekin's own writings that lay out his critique of western culture its overstated claims to universal competence and validity and lays out an alternative view of consciousness that draws partly on Asian traditions and partly on underground traditions from the west. The essays that follow commissioned for this volume critically examine Malekin's ideas drawing out their implications in a variety of contexts including theatre liturgical performance poetry and literature. The book ends with an assessment of future prospects opened by this work.
